NO. 199—EIGHTY-SECOND YEAR

WILL ENABLE FULL USE OF INDUSTRIES

Great Britain to Establish Area Boards in Manufacturing Districts

HELPING TO PUSH EFFORT TO MAXIMUM

LONDON, Aug. 1 (P).—Area boards, established at key points in the industrial districts, will enable Britain to make full use of her industrial capacity in pushing her war effort to a maximum.

These "junior supply ministries" will include representatives of workers and employers. They will take over at once from the Supply Ministry the active control of certain important features of war production.

As explained by Harold Macmillan, Parliamentary secretary to the Ministry of Supply, there will be twelve boards with eleven members each—three employers, three workers and five officials representing the Ministries of Supply, aircraft production, labor, the Admiralty and the Board of Trade.

COMPLETING SCHEME
A scheme is nearing completion for dealing with damage and destruction of factories by enemy action. This provides for preparation of reserve factories or immediate repairs and substitute materials in the event of partial damage.

Should there be a complete breakdown in communication the boards should assume full executive powers and direct production on their own responsibility. Hence the boards are part of a plan for decentralization, and the chairman of each board is actually a sort of local "supply minister."

KEEP THE BALANCE
The boards are charged with the job of balancing demand against production in the area under their control. They will even out production.

CARELESS TALK PROVES COSTLY

British Courts Hand Out Stiff Sentences for Many Offenders

LONDON, Aug. 1 (P).—Slogans plastered everywhere in this island fortress proclaim that "careless talk costs lives" and magistrates show that it also costs money.

The British press daily chronicles stiff court sentences on persons accused of talking too freely. The wave of punishment has become so persistent that some papers have urged the authorities to go slow. There is no such demand, however, in the matter of blackout infringements. As the country strives to make this potent weapon against accurate air attack more effective, sentences for offences become more severe and a £40 (\$178) fine or twenty-eight days in jail—levelled indiscriminately on rich and poor—has become practically a standard.

EXAMPLE OF SENTENCES

Here is an example of sentences: When Lance-Corporal Albert Rice and a civilian, Arthur Collins, were together in an inn at Lovington, Somerset, Rice announced that the sailing liner Excalibur today were looking for parachutists and Collins' truck had been commandeered to warn other villages. Rice drew a month's imprisonment and a fine of £2, while Collins was fined £5 and costs because he did not deny the story about his truck.

GOVERNOR TO INSPECT CAMP AT PETAWAWA

OTTAWA, Aug. 1 (P).—The first time since his arrival in Canada, the Governor-General, the Earl of Athlone, will inspect a military camp when he visits Petawawa, August 6. It was announced today that Princess Alice will accompany the Governor-General and they will stop at Pembroke, Ont., while Her Royal Highness will open a Y.W.C.A. hostess house.

Tourist Starts Fire Spreading Over 4,000 Acres

SALT LAKE CITY, Utah, Aug. 1 (P).—Flames started when a tourist dumped a pan of hot ashes and which swept quickly through dry grass and timber, had roared over about 4,000 acres of valuable Sawatch National Forest land here tonight. The fire, fanned by a brisk wind during the day, still was defying efforts of a crew of 391 men to control it tonight.

SENATE VOTE SPEEDS BILL

Meighen Pleads in Vain for Postponement of Unemployment Insurance Plan

OTTAWA, Aug. 1 (P).—The Government's Unemployment Insurance Bill tonight received third reading in the Senate without a recorded vote.

Earlier the Senate amended the measure to exclude some employees of hospitals and charitable institutions from operations of the act, and voted down forty-three to twenty-six an amendment proposed by Conservative Leader Meighen to postpone operation of the act until after the end of the war.

The bill now goes back to the Commons for consideration of the Senate amendments.

SAYS TIME INOPPORTUNE

Conservative Leader Meighen said that he could not reconcile the bill with the coming into effect of the measure at this time and proposed the amendment. All Liberals voted against it and were joined by six Conservatives: Senators Iva Fallis (Ontario), Arthur Sauve (Quebec), J. A. Macdonald (New Brunswick), B. Franklin Smith (New Brunswick), John T. Hays (Manitoba) and Louise Goss (Ontario).

The bill, major civil legislation of the present session, would extend unemployment insurance to about 2,100,000 workers, with some 4,000,000 dependents. Those earning more than \$2,000 a year do not come within its provision.

Senator Meighen said he could not believe the Government intended to operate the proposed law during the war. He did not believe that it was the intention to carry out the provisions of the measure except in a tax-exempt act in connection with other taxation incident to the war.

With the principles of the measure he had no quarrel, but he begged the Chamber not to enact the bill now.

PEAK OF EMPLOYMENT

Government Leader Dandurand declared that during the last year Great Britain, when it collected unemployment insurance, and this fund saved that country from the chaos and upheaval that might have followed the war when unemployment developed on a large scale.

He said that it was the duty of the Government while conducting the war with utmost vigor, to provide

DUKE OF WINDSOR LEAVES FOR POST

Sails on American Liner From Portugal En Route to The Bahamas

LISBON, Aug. 1 (P).—The Duke and Duchess of Windsor, bound for the Bahamas, where His Royal Highness will assume the post of governor and commander-in-chief of the forces, sailed aboard the American Export liner Excalibur today.

The duke was forty minutes late and the sailing was delayed until 8:15 p.m. (11:45 a.m. P.S.T.). The vessel is due in New York on August 8.

Traveling on the same ship were three United States diplomats, William Phillips, ambassador to Italy; Anthony J. Drexel Biddle, Jr., ambassador to Poland; and George Gordon, minister to The Netherlands.

British-Japanese Relations Rapidly Becoming Worse

London Blames Germany for Deterioration of Friendship—Foreign Office Spokesman in Tokio Says Japan's Sphere of Domination To Include Other Places Than East Indies

LONDON, Aug. 1 (P).—Authoritative sources tonight blamed Germany, in part, for the rapid deterioration of Anglo-Japanese relations. A member of the Gestapo, Hans Huber, is working in the Japanese Ministry of the Interior, these sources said.

Japan, it is believed here, might go to the brink of war with Britain and perhaps might engage in local hostilities against British interests in the Far East. But the Japanese Government would not enter an "all-out war" because it would lead to complications with other countries, particularly the United States and Russia.

These sources suggested that Anglo-Japanese relations might grow "progressively worse" as long as extremists in the Japanese Government retain control.

ARMY SHOWING POWER

The recent arrest of fourteen British subjects in Japan, it is suggested, was ordered by the Japanese Army as a result of moderate elements in the Government reaching an agreement with Britain over the Burma Road, which Britain has agreed to close to Chinese war shipments for three months.

The army, it is suggested, was determined to show its power and its disagreement with any policy designed to place Anglo-Japanese relations on a better basis.

British reaction to Japanese pressure was pictured here as depending in part on how serious the situation becomes in Europe. Any action which might be taken if seven Britons still in custody are not released soon might be without merit, it was said.

"The Japanese took action without warning and let us draw our own conclusions as to what it meant," an authoritative source said. "Any action we might take."

TO NEGOTIATE LAND DISPUTE

Rumania to Open Conversations With Hungary and Bulgaria Next Week

BUDAPEST, Hungary, Aug. 2 (P).—Diplomatic dispatches from Bucharest today said the Rumanian Crown Council had decided to open negotiations next week with Hungary and Bulgaria for settlement of their territorial claims on Rumania.

Hungary claims Transylvania, with agricultural province which she lost after the first Great War. Bulgaria claims the Southern Dobruja, lost to Rumania after the second Balkan War in 1913.

The reports said that the Crown Council, in a meeting last night with King Carol, had agreed that Rumania should take the initiative in opening the territorial discussions, as ordered by Hitler in his conference at Berchtesgaden last Friday with Premier Ion Gligu and Foreign Minister Mihail Manoilescu, of Rumania.

From Europe Day by Day

THE TIMES, London
News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1940, by Southern Co.)

LONDON, Aug. 1 (By Cable).—The threat of an invasion of Britain, says The Times, has by no means been dispelled and it would be folly to paint a rosy picture of Hitler's embarrassment.

The Balkans may make him hesitate, but settlement there is not imperative. Any patching up will suffice because if he were able to overthrow Britain he could impose any settlement he liked, knowing that Russia could not oppose him.

The hot reception given his air raiders over Britain up to date will hardly deter him. Large as they have been, these raids have not been on a scale necessary to support an invasion.

Ships and barges, however, have been collected, and plans are such that operations could begin at short notice.

Even supposing, argues The Times, that second thoughts should suggest to Hitler the possibility of the odds being against a large scale invasion, it would not follow that he would abstain from it.

There have always been two sets of ideas about German methods—either a lightning attack with all the necessary objectives engaged simultaneously, or else reversion to war based on attrition.

The Nazis prefer the first alternative which gives them the advantage of surprise, especially if they have any air support. But they have also arguments for a war of attrition, seeing the strength of the Royal Navy and Air Force. The Nazis might land troops in Britain, but it would be a superhuman task to support and reinforce them.

Hitler could not cripple the Royal Air Force by a single blow because it is not only formidable in numbers but is fed from a great array of flying schools and factories and also from across the Atlantic.

"Let it be said at once," adds The Times, "that we are ready for the method of attack as the other and are quite confident we can repel either."

The army has been reorganized and re-equipped since the Dunkerque evacuation. Fortification has been made remarkable. The training has been intensified. The army has seen to it that attacks on convoys, though increasingly heavy, have not endangered the flow of supplies by sea. The Air Force is not only meeting blows but is raiding the enemy, constantly smashing airbases, shipping, barges, oil stores, aircraft factories, refineries and railways.

On top of all this the British people's determination to win has been greater. They stand up to the forces of evil in a mood in which they have never been faced before.

FORM COUNCIL FOR THE WEST

Representatives of Western Provinces Organizing for Food Distribution

SASKATOON, Aug. 1 (P).—Initial steps in formation of a Western Canadian food distribution council were taken today when five delegates from each of the four Western provinces formed a committee to work out details of the organization.

The move following a two-day conference, presided over by M. N. Campbell, chairman of the Dominion Trade and Industry Commission. Delegates represented independent merchants, chain and department stores, co-operative producer organizations, fruit and vegetable distributors, and the Saskatchewan Trades and Labor Council.

Committee members included: British Columbia—William L. Alliston, H. K. Whistler, R. Trunkfield, George R. Matthews, secretary of the British Columbia Retail Merchants' Association, and another delegate to be named.

Called the Retail Merchants' Association of the four Western provinces, the purpose of the conference was to discuss ways and means of eliminating unfair trade practices in retail food business.

Fire Raging in Timber in Idaho

CASCADE, Idaho, Aug. 1 (P).—Fire raging northward in front of a strong wind crackled uncontrollably through a thick stand of second growth yellow pine timber tonight, defying the efforts of 200 men sent to combat it.

Thomas Van Meter, Payette Forest supervisor, said 600 acres are blackened, and expressed doubt the flames would be coralled before morning.

BROADCASTS TO FRENCH CANADA

General De Gaulle Asks Help to Save Soul Of France

LONDON, Aug. 1 (P).—General Charles de Gaulle tonight broadcast an appeal to French-Canadians to help to save "the soul of France."

The general, recognized in Britain as the leader of all free Frenchmen, spoke from a studio of the British Broadcasting Corporation here. His address was broadcast over French and English networks of the Canadian Broadcasting Corporation.

"The soul of France seeks and calls for your help, French-Canadians," he said. "France calls for your help because she knows what you have played in the country, the people, the state to which you belong."

France has made Canada the land where the Old World and the new unite, he added, "and in this world war no man of common sense imagines that the victory of liberty is possible without the help of the American continent."

GREATEST SACRIFICES

No nation suffered as much, accepted such sacrifices as did France in the first Great War, he said. Frenchmen died "by the million on the battlefield and those who died were the best." Then new conquerors arose and overcame the French army.

"The soul of France seeks and calls for your help, French-Canadians," he said. "France calls for your help because she knows what you have played in the country, the people, the state to which you belong."

"That is why the soul of France seeks and calls to all throughout the world who love her for what she is, for what she is worth, for all that she has done for others through hundreds of years."

MILLS ARE REOPENED

TACOMA, Aug. 1 (P).—Seven Tacoma and one Everett plywood and door mills reopened today under an agreement between operators and the Union and Sawmill Workers' (A.F.L.). Approximately 3,200 idle employees were affected. Wage increases and open shop concessions were granted.

LATE NEWS BULLETINS

LITTLE DAMAGE FROM GERMAN NIGHT BOMBING

LONDON, Aug. 2 (P).—The Ministry of Home Security communique on German air activity over Britain during the night of August 1-2 said a small number of bombs during the night on a few scattered points in Wales, Eastern Scotland and East Anglia. Damage was slight and the casualties were few. Leaflets containing extracts of Hitler's recent Reichstag speech also fell in some southern and southwestern districts of England.

REPORT VESSEL TORPEDOED OFF IRELAND

NEW YORK, Aug. 1 (P).—Mackay Radio intercepted a message from the United States freighter Algite, tonight, which reported the torpedoing of an unidentified ship about 450 miles west of the northern tip of Ireland. The position given was about 300 miles northeast of the spot given by the British steamship, Thesus, in a distress signal received by Mackay this morning.

GERMANY BOOSTS TAXES IN THE NETHERLANDS

AMSTERDAM (Via Berlin), Aug. 2 (P).—A new German order announced today increased tobacco taxes in the Netherlands, effective September 15. The tax on cigars is increased by 7 1/2 per cent, on cigarettes by from 5 to 55 per cent, and on pipe tobacco and snuff from 7 1/2 to 30 per cent.

TO CONSIDER BREACH OF PRIVILEGE MOTION

LONDON, Aug. 1 (P).—The House of Commons tonight passed a resolution, moved by Clement Attlee, that the Committee of Privileges consider whether the detention of Captain A. Ramsay, M.P., under the defence regulations, constitutes a breach of privileges of the House, the British Broadcasting Corporation reported.

Change of Strategy With Increased Striking Power Evidenced by Order for Removal of Barriers Erected to Slow Up Any Hostile Mechanized Force in England

Daily and Nightly Attacks Launched by British Airmen

LONDON, Aug. 1 (P).—Great Britain has so strengthened herself against invasion that tonight she was preparing elaborately for an "offensive defence." This entailed removal of barriers once counted on to slow an enemy but now cast out as handicaps to her own troops' mobility.

An order today by the new commander-in-chief, General Sir Alan Brooke, to remove many of the steel and concrete traps and road blocks studding roadways throughout England, disclosed the shift of strategy.

BACKS PACT WITH NAZIS

Soviet Premier Reviews Foreign Relations in Europe And Abroad

MOSCOW, Aug. 1 (P).—Premier Vyacheslav Molotov told the Supreme Soviet today that Germany can have a "calm feeling of security in the East," thanks to the German-Russian non-aggression pact, and warned that "a world imperialist war" looms because "imperialist appetites are growing in the United States."

The Premier said that "Russia is not taking part in the war."

Concerning Anglo-Russian relations, he said that the recent appointment of Sir Stafford Cripps, Left-Wing Labor leader, as ambassador to Moscow, seemed to "reflect a desire on the part of Great Britain to improve relations."

QUALIFIES REMARKS

But he qualified this by adding at once that Great Britain's previous "hostile acts against the U.S.S.R." made it "difficult to expect that Soviet-British relations would develop favorably."

He claimed that Great Britain rejected Hitler's peace appeal because she "does not wish to give up colonies" and prefers to "continue the war for world supremacy." Although

FOREIGN AGENTS HELD AT CANAL

Eighty-One Persons Detained on Clean-Up of Allens in Panama Zone

WASHINGTON, Aug. 1 (P).—A broad clean-up of all agents in the Panama Canal Zone involving the detention of eighty-one persons described as foreign agents, was announced today by United States Secretary of War Henry L. Stimson.

As the result of a painstaking check, he said, all agents, other than Panamanians, have been discharged from the employment of either the army or the canal zone, for the protection of that vital link in the American defence system.

In the Canal Zone, United States army intelligence officers disclaimed knowledge that eighty-one foreign agents are being held. They said the only group of foreigners approaching that figure known to be in the Canal Zone were those detained at the immigration quarantine station in Balboa—mostly refugees and some of whom have been there a year or more awaiting permission to enter some American country.

SHIP IS LAUNCHED AT TACOMA YARDS

Cape Alva Is First Large Freighter Built on Puget Sound in Seventeen Years

TACOMA, Aug. 1 (P).—The Cape Alva, \$2,217,000 freighter, today slid down the ways at the Seattle-Tacoma Shipbuilding Corporation yards—the first large commercial ship to be launched into Puget Sound in seventeen years.

The 417-foot-long freighter, Diesel powered and displacing 12,875 tons, is the first of five Maritime Commission cargo ships to be constructed here. Started March 1, she was completed a full month ahead of schedule. The hull of the second vessel is already half completed. The third will be started almost immediately on the ways vacated today by the Cape Alva.

SHOWERED WITH HITLER SAYINGS

Nazi Air Raiders Scatter Pamphlets Over Port In England

LONDON, Aug. 2 (P).—Striking at Britain for the first time with leaflets instead of bombs, Nazi air raiders today showered a southeastern port with thousands of four-page pamphlets containing Hitler's "last appeal of reason."

Within a few minutes the "pamphlet bombers" appeared over another town, this time in Southwestern England, and poured down thousands more of the papers, which contained a verbatim account of Hitler's July appeal to the Reichstag which mingled a bid for peace with ominous threats of what war would bring to Britain.

The pre-dawn raiders, however, were not all on a propaganda mission. Near one northeastern town heavy explosives and thirty to forty incendiary bombs were dropped, while British defence planes battled with the raiders.

Committee Suggests Changes in Canadian Defence Regulations

Would Require Registration of Subjects of German or Italian Origin, Naturalized During The Last Eighteen Years

OTTAWA, Aug. 1 (C.P.)—Amendments to the Defence of Canada Regulations dealing with the registration and internment of enemy aliens are recommended in the final report of the special committee of the House of Commons which reviewed the regulations at twenty-five meetings, held in camera.

The report was tabled in the House today by Finance Minister Hon. J. L. Huley, chairman of the committee. The report said it was the unanimous view "that all measures should be taken which were considered necessary for the safety of Canada, but that the maximum amount of liberty under the law should be maintained consistent therewith."

Prime Minister Mackenzie King told Conservative Leader R. B. Hanson the regulations would be consolidated and reprinted with all amendments as soon as possible. This was recommended by the committee, and Mr. Hanson considered it important in view of the fact the committee's report might not be

concurred in by the House this session.

If the committee's recommendations are adopted, British subjects of German or Italian origin, naturalized after September 1, 1922, will be required to register along with enemy aliens. At present such persons are required to register if naturalized after September 1, 1929.

WOULD STOP HEARINGS

Court hearings on applications for naturalization by enemy aliens should be stopped, the committee stated. No certificates of naturalization are now being issued to German or Italian applicants for citizenship, but the committee found confusion was caused by the fact that courts continued to hear applications.

"Your committee is of opinion that measures should be taken to invest the important step of naturalization with greater solemnity and to impress upon those who apply for the privilege the importance of the obligations which they assume as British subjects," the report said.

"Your committee, therefore, recommends that at the next session of Parliament a special committee of the House be appointed to consider and review the law relating to naturalization. Your committee is also of the opinion that the special committee should review as well the law relating to deportation, and again consider and review the Defence of Canada Regulations."

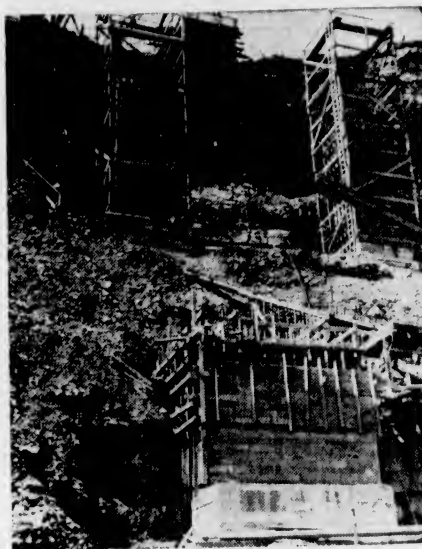

Regular reports should be made to Parliament on the number of persons interned, the committee said. To this end, it suggested an amendment to the regulations to require the Minister of Justice to report every four weeks the number of persons detained and the number of cases, if any, in which the minister declined to follow the advice of any advisory committee on the release or detention of persons.

ADVISORY COMMITTEES

Provisions should be made in the regulations for advisory committees to hear objections to detention which might be raised by persons detained. This is now provided under rules made by the minister.

An amendment to preserve the rights of persons engaged in lawful strikes is recommended to the clause of the regulations dealing with sabotage in impeding the operations of ships, vehicles, machinery or

Rainbow Bridge Shaping

Work on the new Rainbow Bridge, which will span the Niagara River from Niagara Falls, Ontario, to Niagara Falls, N.Y., a distance of about half a mile, is being rushed to completion. In the picture workmen are tearing down false framework around one of the two central piers, while in the background can be seen the two piers next to the Canadian side. When completed they will tower over the Niagara gorge to the road level, a distance of eighty feet. The entire bridge will cost \$4,500,000.

apparatus used in the performance of essential services.

Earlier recommendations of the committee relating to the prohibition of possession of firearms, ammunition and explosives by aliens, except bona fide tourists on permission of the Royal Canadian Mounted Police, were adopted.

Today's report suggests regulations dealing with firearms be made to conform with the committee's recommendations on registration of naturalized persons of German or Italian origin. The result would be that such persons, if naturalized after September 1, 1922, would be treated the same as aliens and denied the use or possession of firearms and ammunition.

SEDITIONARY LITERATURE
Regulation 39a, which prohibits the printing, publishing or issuing of seditious matter, would be amended to make the possession of such literature "in quantity" an offence.

The committee recommended retention of the provisions that no prosecution for spreading reports likely to interfere with the successful prosecution of the war, publishing seditious literature or being a member of an unlawful organization may be started without the consent of the Attorney-General of Canada or of the Province.

It recommends, however, that this should not prevent the arrest and prosecution on charges of this nature before the consent for prosecution is obtained.

Provision in the regulations enabling the courts to declare organizations unlawful should be repealed, the committee recommended. It was no longer necessary, as the regulations themselves now declared a number of organizations illegal.

WOULD REFUSE BAIL

Persons convicted of offences under the regulations should not be allowed bail pending the hearing of appeals, the committee recommended.

It also suggested the regulations be amended to provide persons concerned with clear and accurate information on them and that all orders or rules of general effect made under the regulations be published in The Canada Gazette.

HAVE NEW PLAN TO MEET INVASION

Continued from Page 1

areas—the Ministry of Security ordered withdrawal of civilians from areas in East Anglia, east and northeast of London, and on the southeastern coast.

WOULD CLEAR THE WAY

These withdrawals in advance, rather than the clogging of roads with refugees which might come with an enemy landing, would clear the way for Britain's own swift "offensive defence" movement of armies.

British authorities were dubious of the statements from both ends of the Rome-Berlin Axis that invasion of British soil is not immediately contemplated. The British authorities answered these statements by strengthening their fortifications, deploying their troops and clearing the way for "total defence."

Coupled with these operations at home are the daily and nightly offensives carried out by the Royal Air Force over the vast length of German-occupied territory in Europe and Germany itself.

Today, the Air Ministry again reported smashing attacks by Royal Air Force bombers on military objectives in Germany, on shipping off the Netherlands and German coasts in daylight raids Wednesday, on oil refineries, supply depots and air-dromes.

The cost of these widespread raids was four planes.

The minister also told of a Sunderland flying boat of the Royal Australian Air Force repelling three enemy air attacks on the convoy the flying boat was escorting.

ONLY LIGHT ATTACKS

Britain, for the third successive day, suffered only light German aerial attacks. Norwich suffered most from the Nazi attacks, a joint statement of the Air Ministry and the Ministry of Home Security telling of several persons being killed in that East Coast town, and of industrial premises being damaged by one German bomber.

The German plane appeared out of a cloud suddenly and dived low to drop its bombs, killing five persons and injuring several others.

The bomber crashed into the sea at about 400 feet, with the pilot opened fire with a machine-gun, then dropped his bombs, and gave a final burst of gunfire before flying away into the clouds.

Two bombs fell within a few yards of each other. One demolished a warehouse and the other struck another building, parts of which were hurled a considerable distance. Another bomb wrecked a restaurant which, only a short time before, had been full of people. At the time of the explosion it was almost empty. The explosion lifted off the roof of the building.

Windows a quarter-mile away were broken by the concussion of falling bombs.

The Air Ministry said other air activity was limited to occasional flights over the English Channel, where two German planes and one British fighter were lost.

TWO ITALIAN U-BOATS SUNK

pletely submerged, but the attack continued. The final salvo crashing into the water at the U-boat's estimated position. The craft cruised over the spot a considerable length of time while air bubbles rose and a large patch of oil formed.

"The other action occurred three days ago when R.A.F. planes rushed to the attack upon sighting a submarine, dropping two salvos. The first fell fifteen yards astern but the second hit the target, the conning tower. Nothing more was seen of the submarine but a patch of oil a half mile square rapidly formed on the surface, while air bubbles rose for a long time."

DEBATES WHEAT FOR MANY HOURS

Continued from Page 1

Gardiner had spoken nearly an hour, answering Opposition attacks and indicating the stand taken by the Government on wheat marketing could not be altered at present, several members were on their feet clamoring to be heard. The debate was adjourned by M. J. Coldwell (C.C.F., Rosetown-Biggar).

MOVES SECOND READING

Debate on this measure was precipitated soon after the sitting opened yesterday morning when Trade Minister MacKinnon moved second reading of the bill to amend the Wheat Board Act.

These amendments continue the basic features of the existing act but add a provision for a 15 cents a bushel processing tax on wheat ground into flour for domestic use.

The Minister announced the bill would be further amended in committee to include Vancouver as a shipping port in relation to the fixed price, and said the Government was endeavoring to work out a method of compensating farmers for storage of wheat in their granaries.

URGES ACTION, NOT WORDS

Mrs. Doris Nielsen (Unity, North Battleford) pleaded with Parliament to "do something and not talk so much" and received rounds of applause from all sides.

The only vocal member of the House urged a fixed price of \$1.25 a bushel for the farmer instead of a guaranteed price of 70 cents; that the Government buy all the farmers' wheat through the Wheat Board and declare a moratorium on farmers' debts.

A Western farmer, she said, had

to exchange from seven to ten bushels of wheat for a ninety-eight-pound sack of flour and now the processing tax, under amendments to the Wheat Board Act being considered in the Commons, would increase the price of flour with no compensating increase in the producers' return.

During discussion this afternoon, T. C. Douglas (C.C.F., Weyburn) indicated his group will fight against prorogation of Parliament until there is a definite announcement as to the extent to which Western farmers will be aided in carrying over the wheat crop about to be harvested.

ABSOLUTE LACK OF POLICY

Previously Conservative Leader R. B. Hanson declared the war was not responsible for Canada's huge carry-over, but rather that wheat was not exported in the two previous years. He said there had been an absolute lack of policy on the part of the Government over a long period of dealing with a major problem.

Resources Minister Crerar, who for sixty years has watched and played a part in development of Western Canada's wheat industry, gave a graphic picture of that development, and defended the present Administration's policies which were initiated in 1935.

George T. Fulford (Con., Leeds) suggested some of the surplus wheat be processed into alcohol for motor fuels. It was his first speech in the House.

The equivalent of two gallons of gasoline could be made from a bushel of wheat, and Mr. Fulford foresaw the possibility of using 100,000,000 bushels of Canadian wheat this way. It would mean increasing the cost of gas about 25 cents a gallon on the basis of 70-cent wheat, but he believed that would be more economical than subsidizing the wheat market.

Answering Mr. Hanson's query about his mission to England and the Continent last fall, Mr. Crerar said wheat was only one of the matters discussed.

WILL EVENTUALLY BUY

Chief obstacle to heavy British purchases in Canada at that time was the difficulty of exchange. But Britain would eventually buy Canada's wheat.

"Some 250,000,000 people in Europe will be short of food in the next twelve months," Mr. Crerar said. "At the end of the war Europe will be starving and Canada may be able to render a great service when that time comes."

Continuation of the Government's present wheat policy would drive the small wheat farmer off the land and leave the Prairies an area of large mechanized farms, Victor Quiech (N.D., Acadia) declared.

A continued 70-cent basic price for

wheat would result in wholesale bankruptcies on the Prairies. Present low prices of all farm produce had the tendency to eliminate the small producer whose costs were necessarily higher than the large mechanized unit.

FROM NATIONAL VIEWPOINT

J. G. Diefenbaker (Con., Lake Centre) said as a new member he was pleased to find agricultural problems generally regarded by members from a national and not a sectional viewpoint.

Agriculture Minister Gardiner had promised after 1935 to find new markets for Canada's wheat. Actually exports for the five years of 1930-35 averaged 218,000,000 bushels a year, while the average for the next four years was 175,000,000 bushels a year. Then in 1939-40 exports amounted to 190,000,000 bushels.

KISS YOUR TIRED FEELING GOODBYE!

Peppas Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet feel as if you had lead in your legs, doped, tired and listless.

Low blood count means you haven't got enough red blood corpuscles. It is your vital job in every life giving organ in your body to keep your blood count up. And just as it is your duty to keep your car running, so you must have plenty of oxygen in your blood to keep your body and give you going power.

Dr. Williams' Pink Pills today. They are world-famous for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up you'll feel like bounding on air. Ask your druggist for Dr. Williams' Pink Pills today.

DUNCAN RESIDENTS

This is "SALAD CELEBRITY WEEK" IN VICTORIA

TRY THIS VITAMIN VARIETY SALAD
(Supplies Vitamins A, B, C, D, E)
7 slices of red apple 1 package (1 ounce) cream cheese
6 slices onion 12 slices orange
12 slices onion 11 large prunes
Best Foods Real Mayonnaise

Remove core and slice unpeeled apples crosswise. Peel and slice onions and seeded oranges crosswise. Remove pits from prunes, steam or cook until tender, and cool. Stuff each with cream cheese mixed with 1 tablespoon Real Mayonnaise and insert a half cherry on top. Arrange apple, onion and orange slices on lettuce leaves on chop-plate. Garnish with stuffed prunes, and whole cherries (see illustration). Serve with Real Mayonnaise. Serves 6.

SEE YOUR GROCER THIS WEEK FOR GRAND SALAD IDEAS!
Grocers listed below are featuring salad and picnic foods with Best Foods Mayonnaise and other delicious Best Foods Products for summer menus.

If you haven't tasted Best Foods Real Mayonnaise before, why not make "Salad Celebrity Week" your time to get acquainted? You'll find it gives your family a new appetite for salads!

You see, Best Foods Real Mayonnaise is different from "Salad Dressing." It contains no starch filler. It is all mayonnaise—real mayonnaise—and doesn't turn watery when you add milk or fruit juices.

And this Real Mayonnaise tastes even fresher than home-made, for it is made with our own "FRESH PRESS" Salad Oil which we ourselves prepare fresh each day, as it is needed. Then, in our powerful double-whipper the ingredients are so completely blended that Real Mayonnaise, with all its home-made richness, is even lighter in texture than home-made, and has a light, zesty flavor, free from oily taste.

Large Increase for Seven-Month Period Is Seen in Building

Greater Victoria Total for New Construction and Alterations Is \$2,178,213—City Leads With \$1,131,554

NEW construction and alterations valued at \$2,178,213 were undertaken in Greater Victoria during the first seven months of the present year. The city led with \$1,131,554. Other figures were: Saanich, \$516,302; Oak Bay, \$425,680, and Esquimalt, \$104,677.

Between January and July the city issued 463 permits for 124 new homes valued at \$350,010; three apartment buildings costing \$64,500; one \$25,000 apartment bungalow, and three hospital buildings being completed at a cost of \$311,000.

During the corresponding period in 1939 there were 454 permits for construction valued at \$460,348. New work included fifty-seven homes costing \$174,770, and one \$20,000 apartment building.

Last month the city issued fifty-three permits for construction valued at \$78,803, compared with fifty-two permits for \$61,119 in July, 1939. Four new homes to cost \$14,100 were commenced last month.

SAANICH PERMITS

In July Saanich issued forty-five building permits amounting to \$58,110. Of these thirty were for homes with a value of \$46,700. For the same month last year the total permits were fifty-three valued at \$71,435, and of these thirty-four were for homes valued at \$68,320.

In Oak Bay during July there were sixteen permits issued for new homes with a value of \$55,450, while the total building permits issued numbered twenty, with a value of \$57,100. In July, 1939, there were permits issued for fourteen homes valued at \$51,800, while the total

CITY WINS IN COURT ACTION

Petition of Gainsboro Apartments, Ltd., for Building Permit Thrown Out

Action of Gainsboro Apartments, Ltd., against the city to secure a building permit to convert a large home at 906 St. Charles Street into an apartment building was dismissed through lack of jurisdiction by Mr. Justice D. A. McDonald in Supreme Court Chambers yesterday. Leave to make another application was granted by the court.

Forrest L. Shaw and Herbert W. Davey appeared for the city. The apartment company was represented by M. B. Jackson, K.C., and Gordon A. Cameron.

Preliminary objections of Mr. Shaw were sustained by the court. He contended no right existed to make an application for an order in the nature of a mandamus because no action was pending, that the application was not properly constituted for a prerogative writ of mandamus because a summons had been issued without leave of a judge and that affidavits were insufficient since they had been sworn before a partner of a solicitor acting in the matter.

TRUE BALANCE FOR THE RICH AND POOR

LONDON, Aug. 1 (CP).—Sir John Anderson, Home Secretary, told the House of Commons today in reply to a question by Geoffrey Mander, Liberal, that a "true balance" will be struck between the number of wealthy and poor children to be evacuated to the Dominions.

Mr. Mander questioned the Home Secretary about permits granted the children of wealthy families and wanted to be assured that they were not being given an advantage over poor families.

British Sailor Finds Relative In This City

ACTING as intermediaries, the Provincial Police yesterday brought Leading Seaman T. P. Curtis, R.N., into touch with Victoria relatives, though his search for a maternal uncle, Thomas Young, came too late. Mr. Young having died, Mrs. B. H. Butt, of this city, identified the request published here, and explained that she was a daughter of the late Mr. and Mrs. Thomas Young, both now dead, and therefore a cousin of the inquirer.

TRAVEL BUREAU ROTARY TOPIC

Major Gordon Smith Addresses Club Concerning Tourist Campaign

"Tourist travel is perhaps the biggest industry in the province, and as such must be treated as an industry, with the traveling public as a commodity that must be sold by advertising and publicity," said Major Gordon Smith, commissioner of the British Columbia Government Bureau, speaking at the weekly Rotary Club luncheon meeting at the Empress Hotel yesterday.

In outlining to the Rotarians the many services and duties of the Provincial Travel and Publicity Bureau, Major Smith described how the bureau placed advertising in fifteen American and five Canadian magazines, in fifty newspapers and motor magazines reaching over 115,000,000 paid subscribers, of color pages in Life and National Geographic Magazines, a Winter campaign for winter travel from Eastern Canada, advertising in the Orient for visitors and residents, and advertising in British Columbia for the promotion of inter-provincial travel.

Also to cope with adverse conditions due to the war, that prevailed south of the line, a special newspaper and radio campaign was instituted that is bearing marked success.

Under the impression that the Empire was urgently in need of man power, Greene traveled to Vancouver to offer his services as a private in the Scottish Highlanders. However, on being advised there that there was no shortage of men, he is returning to Hollywood today to resume work on another feature length production, "Hudson's Bay Company."

Greene's mother, Mrs. Gerrard, is actively engaged in war work here. A by upholding the reputation of being one of the most attractive and promising young actors in the film colony, Greene, who is twenty-three years old, is readily recognizable off the screen. Besieged by autograph hunters at the Empress Hotel, where he stopped for a while after leaving the boat, he smilingly obliged. A nice English accent testified that Americanisms had as yet made no inroads on his British upbringing.

Having no definite plans as to the length of his stay here, as far as is known he will be leaving for Hollywood today.

FILM STAR IN VICTORIA TODAY

Richard Greene, Hollywood Actor, Visits Mother Here En Route Home

RICHARD GREENE

Richard Greene, promising young British actor, arrived in Victoria yesterday from Vancouver on a flying visit to see his mother, Mrs. Kathleen Gerrard, a resident of this city, whom he has not seen for some time.

Under the impression that the Empire was urgently in need of man power, Greene traveled to Vancouver to offer his services as a private in the Scottish Highlanders. At Vancouver, the Hastings Chamber of Commerce was licensed under the Societies Act; and at Gordon Head the Saanich Wards One and Three Credit Union, under the Credit Unions Act. Co-operative associations were missing during the period.

ANNA NEAGLE ARRIVES HERE

English Film Star Welcomed As She Reaches Esquimalt by Seaplane

"Am I glad to be here? Why, I'm just thrilled to be in Canada again." That was the response of lovely Anna Neagle, English film star of "Irene" and "Victoria the Great" as she was greeted on her arrival here yesterday afternoon by Canadian Airways plane at Esquimalt.

A few ladies on the landing stage gasped in admiration as the smiling actress stepped down from the plane, resplendent in navy blue dress and short Summer ermine jacket, white gloves and blue pumps blue toque with large white pom-pom atop blonde curls. She carried a large blue bag and wore a Royal Air Force badge in diamonds.

GLAD TO HELP

Introductions to the reception committee over, she posed graciously for photographers and spoke over the local radio station microphone. "It is really the biggest thrill to come here," she declared. "It was my first trip by seaplane and the view was wonderful. I'm so glad to be here to help in such a worthy cause, and when I heard it was the Navy League I was to sing for, I was exceptionally pleased, for I have a brother in the British Navy."

Miss Neagle said she would sing "Alice Blue Gown," the theme song of "Irene," during her appearance here with Gracie Fields. She brought David Tihmar with her from Hollywood to sing and dance the sequence with her, just as Ray Milland did in the film.

Going up the steps to the roadway, where the Government House limousine awaited her, the actress was cheered heartily by a score of spectators gathered there. "Welcome to our city," somebody called out, and Miss Neagle laughed back "Thank you so much."

SIGNS AUTOGRAPHS

While officials waited for her to enter the car with A. M. D. Fairbairn, Government House secretary the film star chatted cordially with young girls as she signed their autograph books. She also stood willingly aside so that one girl might take her picture.

Miss Neagle said she would appear

with Gracie Fields only in Victoria and Vancouver, and has to return to Hollywood immediately after to begin a new picture.

Among those meeting the English actress were Commander C. H. R. Slingsby, E. Stenham and Captain F. Baylis, of the Navy League; Mr. Fairbairn; and Captain Hobart Molson, Colonel J. Lightbody, of the auxiliary services, and Brian Burdon-Murphy, who are arranging for her appearance here.

Before driving off to the Empress Hotel, Reeve Alex Lockley was introduced to Miss Neagle. "Welcome to the finest spot in the whole of Canada," said the Reeve. "You mean in the whole world," smiled the actress, as she shook hands warmly.

WITHDRAWAL ORDERED

LONDON, Aug. 1 (AP).—Withdrawal of civilians from areas in East Anglia, east and northeast of London, and on the southeastern coast, was ordered tonight by the Ministry of Home Security as a measure further to tighten Britain's defences.

Says British People Full of Confidence And Eager to Fight

Three Days in England After Months in Germany Convinces Broadcasting Corporation Representative of Worse Conditions in the Reich

LONDON, Aug. 1 (P).—Three days in England after months in Germany convinced Warren Irvine, former National Broadcasting Corporation representative in Berlin, that the British people are better off and in better spirits than the German people.

"I can say there is no comparison between the food here and in Germany," he said in a speech broadcast tonight.

The menu presented to him for his first breakfast at a modest hotel in London amazed him with the variety and quantity of food available. In Berlin he lived at a much better hotel but the food was scarce. German radio spokesmen portrayed the British people as starving.

FULL OF CONFIDENCE

The German people were also led to believe the British lived in constant fear of attack. On the contrary, he found every one he met in London full of confidence and eager for the fight to come. Apart from the Nazi Party members the Germans were not so full of confidence.

"I am convinced not more than 20 per cent of the German people are ardently pro-Nazi," he said. "Another 30 per cent call themselves Nazi because they hold Government jobs or for other reasons, and the remaining 50 per cent are more or less hostile."

The people as a whole, however, were induced to endure sacrifices by Nazi promises of world conquest. To assume the Nazis would be content with anything short of world conquest was to make the same mistake Poland did at the time of Munich.

BOASTS OF NAZIS

"Nazi after Nazi openly boasted to me that when Hitler completed his conquests no German would have to black his own boots. That would be the task for the conquered races," said Mr. Irvine.

German food rations were just enough to keep body and soul together, Mr. Irvine said he experi-

enced constant fatigue in Berlin and found eight, nine and even ten hours sleep not enough and, as an American correspondent, he received double the normal ration of meat, butter and fats.

NOTICEABLE CONTRAST

A contrast was noticeable in the way Germans and Britons spent their evenings. In Berlin night clubs and drinking places were crowded until closing. No one seemed to want to go home to be alone with his thoughts.

In Great Britain, on the contrary, night life was perhaps a little less lively than before the war and the people were cheerful and had no particular sorrows to drown.

BRITISH PAPER TO FEATURE VICTORIA

Victoria will be featured in a forthcoming supplement of The Financial News, London, giving an economic review of Canada's strength of today. Mayor McGavin announced yesterday. The supplement will also stress logical locations for industries in the Dominion.

A quarter-page advertisement will call attention to the healthful climate here, moderate cost of living, educational facilities, sports, abundance of water, resources of Vancouver Island and other condensed data.

The advertisement will be accompanied by an article from the pen of Frank Gholma, "A Word Picture of the Capital City of British Columbia."

ANKARA, Turkey, Aug. 1 (P).—The death toll in the Anatolian earthquake on Tuesday rose to over 1,000 today, with many more injured.

The Red Crescent (Turkish Red Cross) sent relief expeditions to fourteen devastated villages. Worst hit was Peyik, where 530 of the town's 695 inhabitants were pinned under the wreckage of their homes.

Tar Pot Affair—A tar pot at a warehouse at Government and Pembroke Streets, owned by McLenman, McFleury & Prior, Limited, was found to be on fire a few minutes after 3 p.m. yesterday, a report from the city fire department stated. The blaze was extinguished by the department without damage to other property.

A BIG HELP TO HEALTH!

"Most Families Need More Vitamins and Minerals, say nutritionists"

Sunkist

Note the benefits of delicious orange juice

Nutritionists say: Too many families get too few vitamins and minerals to enjoy the best of health! So make it your family rule to have eight-ounce glasses of fresh orange juice daily.

In this delicious way you get all the vitamin C you normally need each day. Fresh orange juice is not only your best everyday source of vitamin C, but also supplies vitamins A, B₁ and G, and the minerals calcium, phosphorus and iron.

This summer the wonderfully juicy California oranges are plentiful in all sizes. Those stamped "Sunkist" on the skin are Best for Juice and Every use! Order several dozen today. Let health begin at breakfast tomorrow.

A. F. Jenkins, Sales Manager for Willys Company, Expresses Views

That the customer would accept the slight increase in car prices as a patriotic duty was the view expressed by A. F. Jenkins, sales manager of Willys of Canada, Ltd., Windsor, Ont., who was a visitor at the Empress Hotel here yesterday.

"In my opinion, said Mr. Jenkins, "car sales throughout Canada will not be appreciably affected by the increased war tax."

Accompanied by W. B. Tempest, Calgary, Western representative of the Willys Company, and M. B. Meredith, of Meredith Motors, Vancouver, Willys distributor for British Columbia, Mr. Jenkins spent some time yesterday with "Gus" Masters, proprietor of Masters' Motor Company, Ltd., 809 Yates Street, who is the local Willys distributor.

MORE THAN DOUBLED

On a tour of the Western provinces, Mr. Jenkins claims that sales of Willys cars have more than doubled during the current year and he expects they will more than hold their own in the forthcoming

A. F. JENKINS

year, in spite of the tax increase. Leaving last night for Vancouver, from whence he will fly to Calgary, Regina and Winnipeg, Mr. Jenkins revealed that the Willys firm has recently undertaken extensive work in the armament field and the manufacture of munitions. A separate company has been formed for this work and extensive operations for the British Commission in New York and the United States will be handled through this newly-formed organization.

Mr. Jenkins, in explaining the great increase in the sales of Willys cars, said that the demand is due to the desire of the Canadian people for efficient transportation, and also due to the increasing amount of travel within their own country.

From Stoves Into Spitfires

Lord Beaverbrook's call for both old and new aluminum pots and pans, brought an astonishing response from the womenfolk. Here are two housewives with their pots and pans on their way to the metal dump at Bethel Green. These pots and pans will soon turn into Spitfire and Hurricane planes.

CHOKES TO DEATH ON KNOT OF WOOD

Small Child Dies While Being Rushed to Medical Aid at Prince George

PRINCE GEORGE, B.C., Aug. 1 (P).—A coroner's inquiry today found Robert McDowell, seven-months-old son of Mr. and Mrs. Thomas McDowell, of Sinclair Mills, B.C., fifty miles east of here, choked to death yesterday from a one-inch cube of wood that lodged in his throat.

Evidence showed the baby was in his crib in one room with his sister, two and one-half years old, while Mrs. McDowell was doing the family washing in another room. Hearing the child choking, Mrs. McDowell rushed to the room.

Unable to find the cause of the trouble, Mrs. McDowell took the child to T. L. Minty, first-aid man at the Sinclair Spruce Mills. The child was rushed to Prince George Hospital in a gas speeder obtained through Robert Harlow, roadmaster for the Canadian National Railways. The child died on the speeder. Dr. J. G. MacArthur performed an autopsy and extracted the knot of wood from the child's throat. How the baby obtained the knot could not be determined.

BRITISH-JAPANESE RELATIONS STRAINED

Continued from Page 1

likewise might be without advance publicity.

PRESSURE IS FORESEEN

Authoritative sources expect the Japanese might try to push Britain out of North China, then perhaps Hongkong. These sources said there would be resistance to any push on Hongkong, but, they said, it was not likely the Crown Colony could be defended indefinitely.

In Singapore, the British naval base on the Malay Peninsula, would present a different proposition for the Japanese if they should start action, these sources said.

Since Japan and Germany signed the Anti-Comintern Pact, which later joined their spheres of domination, "definitely includes other places in the South Seas" in addition to the East Indies," Yachihiro Suma, Foreign Office spokesman, said today.

Suma made this statement to his press conference in comment on the remarks of Foreign Minister Yosuke Matsuoka yesterday, in which he said the Dutch East Indies and French Indo-China were regarded as in "Greater East Asia."

Suma declined, however, to define the exact area referred to by the term, and declined to specify whether it included the Philippine Islands.

Matsuoka said in an interview yesterday that Japan had discarded the policy of trying to win the friendship of "recalcitrant nations" as for the European war, he said Japan for the present would maintain a policy of non-involvement.

THROUGH WITH TOADYISM

"We strive to make whatever friends we can under the prevailing environment," he said, "but henceforth we will not make a vain effort to grasp the hands of those countries which cannot be turned into friends. The Government is through with toadyism."

An extensive rearmament programme was heralded.

Paralleling this will be construction of a national structure under which all citizens will be expected to serve the state and all resources under a planned economy will be directed toward strengthening of the national defence.

Italian Losses in Libya Announced

LONDON, Aug. 1 (P).—Italian losses in the Libyan frontier fighting thus far known to the British command are 20 killed, 20 wounded, 472 captured, along with 90 vehicles and 16 guns taken, it was announced officially today.

British losses were listed at 20 killed and missing, 10 wounded and 10 vehicles captured.

VANCOUVER TAXPAYERS BREAK ALL RECORDS

VANCOUVER, Aug. 1 (P).—James Armstrong, city treasurer, announced here today that payments of current taxes and arrears during July have broken all records for monthly revenue returns in Vancouver.

City taxpayers paid \$2,790,257 to the Vancouver treasury, \$470,913 more than in July of last year, and more than half the total collection for the first seven months of 1940. It broke marks that have stood for fifty-four years.

The National Party has been allowed to organize in Japan, it was stated.

"GREATER EAST ASIA"

TOKIO, Aug. 2 (P).—The "Greater East Asia" seen by the Komei Government as Japan's sphere of domination, "definitely includes other places in the South Seas" in addition to the East Indies," Yachihiro Suma, Foreign Office spokesman, said today.

Suma made this statement to his press conference in comment on the remarks of Foreign Minister Yosuke Matsuoka yesterday, in which he said the Dutch East Indies and French Indo-China were regarded as in "Greater East Asia."

Suma declined, however, to define the exact area referred to by the term, and declined to specify whether it included the Philippine Islands.

White Russian Leader Slain In Shanghai

SHANGHAI, Aug. 2 (P).—Charles Metzler, head of the White Russian community here, was assassinated by gunmen this morning in the International Settlement within the American defence sector.

Metzler for some years after the Bolsheviks came to power in 1917 handled all Russian affairs in Shanghai as a virtual White Russian consul-general.

Recently he had resisted attempts to reorganize the Russian emigrants committee, of which he was chairman, into a pro-Japanese body.

PLANS FOR AIR DEFENCE SHOW

Figures of Purchases Give Evidence of Scheme of United States Forces

WASHINGTON, Aug. 1 (P).—Out of the welter of figures on warplane purchases by the United States Government have begun to emerge certain evidences of the scheme which the army and navy have in formulation for the air defence of the Western Hemisphere.

Long-range bombing planes, it can now be assumed, are going to be purchased in quantity for off-shore operation along the North Atlantic seaboard—and, if necessary, the South Atlantic—to buttress the defensive establishment in that ocean pending completion of the two-ocean navy.

While the figures necessarily remain secret, the procurement officers of the armed services are known to have been talking in terms of 5,000 or more of these machines, 3,000 of them by July 1, 1942.

LARGER MACHINES

Moreover, much larger machines than are now being built in numbers are in contemplation, capable of carrying larger bomb loads over greater distances than any which have made their appearance in Europe, America or Asia.

The new experimental bombers being constructed for the army and the navy, one at Santa Monica, Cal., and the other in Baltimore, indicate the direction the strategic employment of large warplanes is taking.

Each of these planes has been reported to weigh in excess of seventy tons fully loaded. For comparison, the big American trans-oceanic clipper weighs forty-two tons.

In round figures, at least 20 per cent of the more than 25,000 new military planes the armed services expect to acquire by July 1, 1942, will be trainers, transports and other non-combat types. Of the remainder, about half will be fighters and half bombers, broken down into such categories as patrol, dive, torpedo, medium and long-range bombers.

The government is planning definitely on equipment which will reach Rio de Janeiro and Buenos Aires in a minimum of flying time, in keeping with President Roosevelt's commitment to hemisphere defence. Army planes, too, will be expected to fly at least 500 miles to sea for the interception of any sea-borne invading force.

CRUSHED UNDER TREE

BANFF, Alta., Aug. 1 (P).—Robert Leslie Jolly, forty-eight-year-old Banff woodsman, missing since Wednesday afternoon, was found crushed to death beneath a fallen tree along the Windermere Highway, thirty miles west of here today.

OF NO USE

A young farmhand sent an order to a mail order house for a corset. The money accompanied the order and a short while later a silver-plated corset was duly received. In a few days the instrument was received back by the mail order house with a letter saying "A silver corset won't do, my music in all marked for brass."

REPORT GOOD RESPONSE TO CALL FOR MEN

Survey Up-Island Shows Recruits Eager to Join Scottish Battalion

NANAIMO COMPANY IS LIKELY TO BE FORMED

Major F. H. M. Colville, M.C., second in command of the 3rd Battalion, The Canadian Scottish Regiment, has just returned from a trip to Up-Island centres, on which he was accompanied by Major S. Henson, officer commanding "A" Company. The purpose of the visit was to survey the possibilities of organizing a company in Nanaimo. The encouraging reports received there and at other points make it very likely that a non-permanent unit will be formed, composed entirely of Up-Island men.

At Duncan, where recruiting started only this week, the first parade saw no fewer than fifty-eight volunteers, with eighty expected at the next meeting. At Chemainus, Major Colville states the response was equally enthusiastic, sixty-eight men having filed their names and are eager to commence training. Mayor W. W. Walkem, of Ladysmith, entertained the visiting officers at lunch. That city is ready with two platoons under the command of F. L. Kitto, city clerk. Though training has not yet started, the Agricultural Hall and the large fair grounds will be available for the soldiers the moment official word is received.

NANAIMO CAMPAIGN

At Nanaimo, J. B. Curran, news editor of The Nanaimo Free Press, has been placed in charge of recruiting, and he is confident of enrolling 100 men within the week. The Pygmy Pavilion has been offered free for recruiting purposes by Selby Saunders and will be put to use immediately.

Further north, at Port Alberni, Major Colville received the same ready response, Major F. Caldwell, Port Alberni, stating there would be no difficulty in recruiting a 100 men for the Scottish.

Both Major Colville and Major Henson expressed themselves as delighted with the spirit they met, and forecast no delay in securing all the needed men from Up-Island points. Major Henson, who will command the Nanaimo company, has on hand letters from officers in every district offering their services.

CREW FAILED TO CARRY OUT ORDER

Forty-Three Persons Killed When Railroad Motor Coach and Freight Train Collide

AKRON, O., Aug. 1 (P).—A crumpled copy of trainmen's orders, found on the conductor of a Pennsylvania Railroad motor coach in which forty-three persons perished, tonight backed up the road's declaration that the crew's "disregard" of instructions was responsible for the tragedy.

The order provided that the motor coach should take a siding and allow a seventy-three-car freight train to pass. Instead, the coach's crew continued for a mile past the siding, down the Pennsylvania's Hudson-Akron single track and crashed head-on with the freighter.

Investigators said a copy of the order issued to the freight train crew was found in the clothing of Conductor Harry Shafer, fifty-seven, one of the trio who survived the fiery crash. Similar orders had been issued to the coach crew, the railroad said.

FORCE OF HABIT

In the regimental band the trombone player, a new member, always finished first.
"Look here," shouted the conductor, "you've been playing two bars in front of everybody else all the way through!"
"Well, I'm sorry," the man exclaimed. "You see, I used to play in a street band, and the one who finished first went round with the hat."

INTERIOR PARK SITES CREATED

Permission Granted for Coal
Mining in Peace River
District of B.C.

Three new park areas were created by the Provincial Government yesterday, one each in Yale, Cariboo and Kootenay. Manitou Park was set aside on ten lots in the Osoyoos division of Yale; Premier Lake Provincial Park, on 165 acres in Kootenay district, and an unnamed strip of land on thirty-seven acres at Lot 7180, Cariboo district.
Provincial appointments during the week included the following: Major George Nicholson, Zebalton, justice of the peace; Ernest Harrison, Grand Forks, sub-judging recorder; John H. Anthony, Lytton, to the board of St. Bartholomew's Hospital, Lytton; Robert C. Weld, Qualicum, stipendiary magistrate; Robert B. Wallace, Greenwood, justice of the peace; William Harris, Lillooet, stipendiary magistrate and judge in the juvenile court for Lillooet; Captain Douglas Cunningham, C.A.S.F., was authorized to take affidavits in civil causes, abroad.

PEACE RIVER COAL

In the Peace River district the Provincial Government lifted a coal and petroleum reserve to permit George A. Packwood, Hudson's Hope, to mine 2,000 tons of coal in the Peace River district for local use only. Royalties of ten cents per ton will be paid to the Province on the coal mined. Shortage of imports in the area was given as the reason for the concession.

Proceeding with consolidation of mining divisions, the Province amalgamated Greenwood and Grand Forks mining divisions, with head offices at Greenwood.

Provincial elections commissioners were named in Mackenzie, North Vancouver, Skeena, Fernie and Omineca ridings.
The Provincial Fuel Control Board rejected nineteen retail fuel licences and issued sixteen others for gasoline, coal and associated purposes.

SALAD CONTEST DRAWS ENTRIES

Just Two More Days to Go
In Competition for Victoria Housewives

With just two more days to go in the "Salad Celebrity Week" for Greater Victoria, there is a continuous flow of entries for the contest sponsored by Macdonald Electric, Ltd. Housewives are asked for their favorite recipe for salads, the only restriction being that it must use Vancouver Island-grown produce and for a mayonnaise dressing. The handsome baskets of foodstuffs, packed by the makers of the nationally-known Best Foods products, now on display in Macdonald Electric windows, will be awarded as prizes. Mrs. M. A. Foulds and Miss C. Martin, both noted home economists, have consented to act as judges. All recipes must be in the store by 5 p.m. tomorrow.

EXCELLENT RESPONSE

The response to this contest has been excellent, according to G. E. Macdonald, managing proprietor of the electric store. Women from all over the district have submitted recipes that reveal a high standard of culinary skill. Simple recipes that can be adapted to the resources of the average household will find favor with the judges.

The aim of the special week has been dual, first to educate the public in the healthful value of salads as an integral part of the summer menu and, secondly, to encourage the use of Vancouver Island-grown produce, thus expanding the markets of local farmers, with a consequent increase of prosperity for the whole community.

Sent to Jail—For committing an indecent assault in Beacon Hill Park on July 21, Cecil Raymond, Clifton was sentenced by Magistrate Henry C. Hall in the city police court yesterday to serve four months in prison at hard labor.

Pensioners' Picnic—Instead of holding a general meeting on August 6, the Old Age Pensioners of Victoria will hold a picnic in Beacon Hill Park. Refreshments will be provided and transportation will leave from the City Hall at 2:30 p.m.

Eight Fined—Four motorists were each fined \$250 in the city police court yesterday for parking over the hour limit. Two others each paid fines of \$250 for night parking. One was fined \$10 for exceeding the speed limit. Another paid a \$5 fine for failing to possess a driver's licence.

Remodel Club—Leslie G. Scott secured an \$8,000 city building permit yesterday to remodel quarters of Britannia Branch, Canadian Legion, at 715 View Street. A second floor, 30 x 40 feet, will be added to the ground floor billiard room, and the building front, furnace room and offices will be remodelled.

Pays for Infraction—Cec Lee was fined \$15 in the Saanich Police Court yesterday afternoon, on a charge of using water for irrigation in the municipality during restricted hours. Herbert Vye was fined \$25 for allowing his cow to wander. Magistrate Henry C. Hall suspended sentence on a second charge.

For Intoxication—An old offender who pleaded guilty in the city police court yesterday to a charge of being intoxicated on Johnson Street, and admitted he had been out of jail only two weeks, was remanded until this morning for sentence. Two others who admitted being intoxicated in public were each fined \$25, or in default five days in jail.

Free Apples—Approximately 700 pounds of Transparent apples will be given away free to the first fifty people who call at the Lavinia Nurseries, 772 Fort Street, after 9 o'clock this morning, according to an announcement made by Joe North last night. Mr. North stated the apples have been packed in fifty bags of about fourteen pounds each and will be given free of charge to needy citizens of Victoria.

Shops Entered—A thief who ended the Victoria Sporting Goods Company shop at 1002 Broad Street through a transom early yesterday morning stole a \$450 fishing reel. Burglars who gained entry to the English Sweet Shop at 726½ Yates Street by forcing a rear window equipped with twenty large packets of cigarettes and 30 cents in coppers. Detective Paton Woodburn investigated.

At Rotary Luncheon—Three new members were introduced at the weekly Rotary luncheon meeting at the Empress Hotel yesterday, including Dr. E. O. Wittmore, F. L. Honor and James L. Barham. Guests at the meeting were Headley Mitchell, a Victorian now in his fourth year at Massachusetts Institute of Technology, Boston, and Desmond McCabe, of James Richardson & Sons, who is awaiting service with the Royal Air Force.

Present Cheque—A group of American girls from "Four Wings Camp," Orcas Island, yesterday afternoon presented Mrs. E. W. Hamer with a cheque for \$25, to be added to the general proceeds of the grand garden gala, in aid of the Red Cross funds. The girls, who are staying for a few days at Norfolk House School, Victoria, had specially saved this money by denying themselves fireworks on July 4.

To Drop Charge—Application to withdraw a charge of assault against Percy Proverbs and James Roberts was made before Magistrate Hall by Joseph McKenna yesterday morning in the city police court. Mr. McKenna stated he was acting for the informant, Eunice H. Cameron. Stuart Henderson, defence counsel, made no objection. The court urged Mr. McKenna to communicate with the Attorney-General.

Given Liberty—Patrick Leo Mahoney was given his liberty by Mr. Justice D. A. McDonald in Supreme Court Chambers yesterday morning on an application of Joseph McKenna for writs of habeas corpus and certiorari in aid. W. B. Colvin appeared for the Crown. Mahoney was sentenced by Magistrate Hall on July 17 to serve seven days in jail for an infraction of the Motor

FUNDS of the Navy League will be augmented by \$1 for every autograph that Gracie Field signs, it was announced yesterday. All those wishing autographs are requested to leave their books, accompanied by \$1, at the box office of the Royal Victoria Theatre today, when Miss Fields will sign them. It was the singing actress herself who suggested the plan to augment the funds of the Navy League which made her Victoria visit possible.

Vehicle Act. Bill of \$250 was set by Mr. Justice McDonald on July 18.

Lodge Second Appeal—The Attorney-General's Department lodged another appeal in defence cases yesterday, asking review in the County Court at Kamloops of the acquittal of Reinhardt Kluge on a charge under the Defence of Canada regulations. Kluge was charged with making statements likely to cause disaffection, and was released when the case was dismissed in the police court at Kamloops. The province will take an appeal from that decision. It was announced.

Police Promotions Made—Sub-Inspector Roger Peachey was promoted to full inspector, in charge of the criminal identification branch of the British Columbia Police yesterday, in company with some other staff changes announced by the Attorney-General's Department. Staff-Sergeant E. Gammon, Prince Rupert, becomes sub-inspector in charge of that division, while Inspector G. Barker will move from Prince Rupert to Kamloops, in charge of the criminal division. Staff-Sergeant Richard Harvey, formerly of Victoria, but now at Kamloops, was made sub-inspector at Vancouver.

*Family vote endorses exports

"What ready-to-eat cereal is the favourite in your family?" This question was put to 2000 housewives right across Canada. Five times as many said Kellogg's as said any other brand of corn flakes! Why? It's their flavour! Mr. E. G. Buille, Superintendent of Vernon's Ginger Ale, and developer of Cleeve Flavours, says: "I was happy to join the distinguished group of flavour-experts who had already tasted corn flakes in an impartial blind-fold test. You can certainly quote me as saying: Kellogg's Corn Flakes are best for flavour!"

HEAVY SENTENCE FOR SMUGGLING CURRENCY

VANCOUVER, Aug. 1 (C.P.).—An Ocean Falls, Japanese—Kuryoshi Sugino—was sentenced to six months in jail and fined \$250 in police court here today when convicted of attempting to take currency from the country illegally.
Sugino admitted he had about \$300 in his possession when he boarded a ship for Japan recently, although he had told a customs official he had no funds with him.

...if it's to
give you that
extra fast start!

It's a proven fact: if you don't eat with appetite, your system can't handle efficiently what you eat. So, it's well to remember that Kellogg's Corn Flakes do the three vital things every breakfast should. (1) Proven fast-acting flavour, they tempt your sleepy appetite. (2) Crammed full of "carbohydrate" energy fuel, they start you quick. (3) They help keep you going through hours of work. Ready in 30 seconds and never a pot or pan to clean! Get several packages tomorrow... or, if you're a breakfast-out, insist on the wax-wrapped individual package. Made by Kellogg's in London, Canada.

To Be Married This Month

MISS SUSAN COOKE

Younger daughter of Major J. C. Cooke, D.S.O., M.C., of "Grantfort," Sooke, and the late Mrs. Cooke, whose engagement to Mr. Philip Gordon-Holmes, 17th Searchlight Battery, R.C.A., eldest son of Mr. and Mrs. G. Gordon-Holmes, Admirals Road, has been announced. The wedding will take place on August 10.

Bernard Cowden, second son of Mr. and Mrs. Arthur Cowden, 919 Hillside Avenue, Rev. Father J. A. Gaudette officiating. Pink and white gladioli were arranged on altar, and baskets of gladioli and Shasta daisies adorned the sanctuary. During the High Nuptial Mass, Mr. Maurice Cowden sang "Ave Maria."

A frock of white silk net embroidered with orange blossom leaves was worn by the bride, who was given away by her father, and her three-quarter-length veil was arranged with the same leaves. She carried a shower bouquet of pink rosebuds, sweet peas and pink and white carnations. Miss Frances Cowden was bridesmaid in a forget-me-not blue crenelle frock of taffeta with a shell pink jacket, and a floral doll hat, who carried

Following a motor trip to Harrison Hot Springs, for which the bride left in a dusty rose dress and accessories and a fur-trimmed Queen's blue fitted coat, Mr. and Mrs. Price will make their home at 3149 Seymour Street.

WIGHT-FANTHORPE

Rev. W. J. Sippell, D.D., officiated at the marriage of Audrey Cecelia, second daughter of Mr. and Mrs. W. Fanthorpe, 3073 Millgrove Street, and Mr. Frank Charles Wight, son of Mr. and Mrs. Robert Wight, 1962 Bouchier Street, which took place in Metropolitan United Church manse at 7:45 o'clock last evening.

Mr. Fanthorpe gave his daughter away and she wore an afternoon frock of white lace trimmed with pearl buttons, a white turban with a pearl clasp at front, and a corsage bouquet of gardenias and pink rosebuds. Attending her was Mrs. Peggy Bryson, in a frock of pink flared crepe with a pink floral hat and veil and a corsage bouquet of pink rosebuds and sweet peas. Mr. James Bailey was best man.

About fifty guests were entertained in the Royal Bank Hall, who were welcomed by Mrs. Fanthorpe in a navy blue silk dress with yellow accessories and a corsage bouquet of yellow rosebuds. A profusion of flowers had been arranged in the hall and dancing was enjoyed. The bride's table was covered with a lace cloth and centred with the cake, which was surmounted by a vase of sweet peas, and lighted with tall pink tapers.

Mr. and Mrs. Wight will make their home at Danes Court following a honeymoon up-island.

KEITH-RIDDER

Rev. C. D. Clarke officiated at the wedding of Margaret Balfour, eldest daughter of Mr. and Mrs. John Ridder, 424 Michigan Street, and John Keith, R.C.N.R., son of the late Mr. and Mrs. J. Keith, Dunfermline, Scotland, which took place at the family home at 10 o'clock yesterday morning in the presence of relatives and a few friends.

During the ceremony the bride and groom stood in a window embrasure in a setting of garden flowers. The bride was given in marriage by her father and wore a Queen's blue sheer frock with a corsage bouquet of tea roses, and was attended by her sister, Miss Isabel

Mrs. West welcomed the guests in a mauve sheer dress with white accessories, assisted by Mrs. Cowden in a two-tone blue redingote with old rose accessories. They both wore corsage bouquets of sweet peas and carnations. Out-of-town guests included the bride's brother-in-law and sister, Mr. and Mrs. Harry Neale, Chemist; Mrs. J. Cooper and Mrs. C. Fitch, Duncan.

In the evening a large reception, during which Mrs. Blythe sang "Because," was held in the K. of C. Hall, where an orchestra provided music for dancing.

Following their honeymoon, Mr. and Mrs. Cowden will return to Victoria to live.

WARRY-DIXON

Mr. and Mrs. Trenholme Dickson announce the engagement of their only daughter, Elsie Lillian, to Mr. John William Warry, both of Edmonton. The marriage took place at the Cedar Anglican Church on Saturday, July 27, Rev. G. H. Story officiating. The bride was given in marriage by Dr. A. B. Cameron. A reception was held at the home of Dr. and Mrs. Cameron, 12803 122nd Street, for a few intimate friends.

PRICE-ROSENCE

The marriage of Audrey Lillian, daughter of Mr. and Mrs. R. Boenke, Gordon Head, and Mr. Harold Price, youngest son of Mr. A. E. Price, and the late Mrs. Price, Victoria, took place last evening at 8:30 o'clock at the residence of the officiating minister, Rev. F. W. McKinnon, Saanich Road. During the ceremony the bride and groom stood under a floral arch and veil. Owing to the unavoidable absence of her father, the bride was given in marriage by an old friend, Mr. C. Chivers. She wore a princess gown of white satin with a lace jacket, and an embroidered veil which fell from two gardenias over her brow and formed a short train. Pink and white roses and carnations composed the shower bouquet.

The senior attendants were Mrs. Victor Peddie, in a pink net redingote over satin, and a matching doll hat and veil, and Miss Joan Watson in pale blue. They carried Colonial bouquets tied with pink and blue streamers. Two little five-year-old nieces of the bride were flower girls. Shirley Pottle was dressed in pink taffeta with a wreath of baby roses in her hair, and Myrtle Wratlen in yellow taffeta with matching flowers in her hair, and both carried tiny Colonial posies. Mr. Albert Price supported his brother. As the bride entered the room with her retinue, Miss McKinnon played the "Bridal Chorus" from "Lohengrin."

The reception was held in the Sons of England Hall, where a four-piece orchestra supplied music for dancing. Mrs. Boenke was dressed in a navy blue sheer gown with matching accessories and a corsage bouquet of roses, and assisting her during the evening was Mrs. William Warren. Pale pink and white gladioli were used in decoration of the hall and white tapers and silver vases of carnations at each end, adorned the supper table. The bride's cake, which had been made by her sister, Mrs. F. Wratlen, and

After the toasts and the cutting of the cake, Mr. and Mrs. Keith left for a honeymoon on the Mainland. They will reside in Victoria on their return.

MAWHINNEY-RICHARDSON

At Knox Presbyterian Church, Sooke, on Saturday, July 27, at 4 p.m., a quiet wedding was solemnized, Rev. Samuel Lundie officiating, when Kathleen Mary, second daughter of Mrs. Richardson and the late Mr. Vernon Richardson, became the bride of Mr. Wilfred Mawhinney, second son of Mrs. B. Mawhinney and the late Mr. William Mawhinney, Vancouver.

The bride entered the church on the arm of her uncle, Mr. Charles Richardson, who gave her away, and was charming in a dress of white sheer crepe over silk, with picture hat and all white accessories. She carried a sheaf of gladioli, rosebuds and fern. Her only bridesmaid was her sister, Miss Nellie Richardson, prettily attired in a dress of turquoise crepe with a picture hat in pink with a crown of pastel colored flowers. Her bouquet was composed

A reception was held at the home of the bride's mother, and was attended by immediate relatives and friends. Mrs. Richardson and Mrs. Mawhinney were the hostesses. A two-tier wedding cake was cut by the bride. Rev. Samuel Lundie extended the good wishes to the young couple.

A brief honeymoon will be spent at Upper Island Pines, and upon their return, Mr. and Mrs. Mawhinney will reside in Victoria.

A bouquet of carnations and gladioli, together with many lovely gifts in a pink and green box surrounded by a doll in old-fashioned dress, were presented to Mrs. Ashton. The lace-covered supper table was centered by a bowl of pink carnations and pink tapers in crystal holders. Games were played and the guests were Mesdames D. McMillan, R. Ashton, W. Sloan, Jr., W. Sloan, Jr., B. Lee, W. Ball, T. Young, J. Mackie, H. Noble, T. Boughy, H. Sloan, A. Buchanan, J. Sloan, D. Templeton, Wallace,

A. Stewart, and Misses E. Young, M. Hargrave (Portland), I. Bull, L. Crisken and V. Sloan.

Miss Kay LeBlanc, accompanied by her little brother, Edward, left yesterday for her home in Montreal. Miss LeBlanc has been visiting her uncle and aunt, Mr. and Mrs. R. C. Coles, "Dew - Drop - Inn," George Road. On Wednesday evening Mrs. Coles entertained in honor of Miss LeBlanc, who is to be married this month to Mr. Alfred Crawford. Little Diana Coles presented the guest of honor with a bouquet, and later in the evening a silver rose bowl was presented. Games were played and prizes won by Mrs. J. Wadden and Mrs. Ingram. Refreshments were served from a prettily decorated table. The invited guests were Mesdames O'Toole, J. Wadden, Ingram, Boughy and Hibbert. Miss Dolly Holloway and Miss V. Sloan.

Golden Wedding
Mr. and Mrs. A. C. Melhuish, 1228 Rudlin Street, Victoria, will celebrate the fiftieth anniversary of their wedding on Sunday, August 4. They were married in Coleridge, Wiltshire, England, in the parish church by Rev. Mr. Bird. They have one daughter, Mrs. A. E. Cooley, New Westminster; one son, Mr. A. W. Melhuish, Victoria; five grandchildren and two great-grandchildren. They have lived in Victoria for thirty-five years. They will be "at home" from 3 until 5:30 o'clock on Sunday afternoon to receive all the friends and relatives as their guests.

Buffet Luncheon
Miss Marjorie Macbean was hostess at a buffet luncheon at her home at Duncan, followed by a linen shower in honor of Miss Priscilla Hoy, whose marriage to Mr. Jim Connor, R.C.A.F., will take place on August 17 in Trenton, Ont. Among those invited were Misses Ruth Howe, Suzanne Hadwen, Nancy Hayward, Barbara and Patsy Jackson, Anne and Barbara Whitmore, Penelope Bailey, Buntie Hannigan, Peggy Palmer, Frances Matterson, Joan Sullivan, Barbara Cowan and Dorothy Duncan.

FOYER-NEELANDS

Rev. C. D. Clarke officiated at the marriage of Isla May, second daughter of Mr. and Mrs. Frank Neelands, 821 Craigflower Road, and Mr. Jack Foyer, eldest son of Mr. J. Foyer, Northcott Avenue, and the late Mrs. Foyer, which took place at 4 o'clock last evening at the home of the bride's parents. During the ceremony the bride and groom stood under a white bell before a fireplace banked with flowers between baskets of gladioli.

The bride entered the room with her father to the strains of the "Lohengrin" bridal chorus played by Mrs. Walter Tybke, and wore a pale blue afternoon frock with a corsage bouquet of roses, a turquoise blue turban and white accessories. Miss Mona Beech, the bridesmaid, was in a pink crepe frock with a blue sash and hat, white accessories and wore a corsage bouquet of carnations and sweet peas. Mr. Bill Collins was best man. Miss Margaret Johnston sang "Because" as the register was being signed.

Mrs. Neelands, in a black and white printed dress, and a corsage spray of gladioli, was assisted in welcoming the guests by the bridegroom's sister, Mrs. Clifford Rutledge, in rose silk with white accessories and a corsage bouquet of sweet peas. A hand-made corkscrew cloth covered the supper table, which was arranged with pink tapers in crystal holders and centered with the wedding cake.

Following a honeymoon trip to Uplands, for which the bride donated a beige upcoat, Mr. and Mrs. Foyer will return to Victoria to live.

The visitor rushed into the travel agency. Visitor—I have just come back from St. Moritz and it's all a swindle. Agent—How is that? Visitor—Well, you see that placard you have hanging on the wall? It's a lie. Agent—Impossible. Visitor—It is! Why, there isn't a pretty girl like that in the whole place!

United Church W.A.

A special meeting of the Shawigan Lake United Church W.A. was held on Tuesday afternoon at the home of Mrs. E. G. Gibson, with the president, Mrs. A. Hallett, in the chair. It was decided to hold a home-cooking stall on the Board of Trade sports day on August 10, and committees were formed to look after arrangements.

RED CROSS

SHAWIGAN UNIT

A special meeting of the committee and workers of the Shawigan Lake Red Cross unit was held recently in the local headquarters, with the convenor, W. Mailland, presiding. A letter from Victoria headquarters was read, suggesting a cessation of refugee sewing for the present, and asking that all Red Cross work be retained locally, between August 1 and 14, when a check is being made. It was decided to stop the refugee work in the meantime, as suggested; the headquarters remaining open on Wednesday afternoons to receive finished Red Cross work. Mrs. G. Orr, convenor of refugee sewing, reported that over 300 finished garments had been turned in during the last three years. She praised her workers for their efforts, and received a hearty vote of thanks from the meeting for her leadership. The secretary's report showed that over \$270 had been turned in this month, bringing the unit's total to over \$500 to date.

Embroidery Trims Chic Style

By MARIAN MARTIN

Pattern 9340

"SAY it with flowers," Marian Martin advises, as she shows the current feeling for femininity in Pattern 9340. Just see how the bodice panels bloom with flowers, embroidered in lovely colors! Full directions for their simple, applied motifs are included with the Sew Chart. There is no wasteline break in the flowing lines formed by the pointed waistband of this dress. Soft side-bodice sections are gathered above the waist and tucked at the shoulders. Have long sleeves or short, tucked sleeves, and add lace edging and tiny buttons. You may leave off the embroidery, making the panels, waistband and sash in contrast.

Pattern 9340 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 3 1/2 yards 39-inch fabric and 2 yards lace edging.

Send twenty cents in coins for this Marion Martin pattern. Be sure to write plainly your size, name, address and style number.

Send your order to The Daily Colonist, Pattern Department, Broad Street, Victoria, B.C.

Douglas Chapter

The members of the Sir James and Lady Douglas Chapter unanimously voted in favor of reading the Bible in the schools, at the meeting held at headquarters yesterday afternoon. Endorsement of the resolution sent to the chapter by the Municipal Chapter was moved by Mrs. A. M. Pillar and seconded by Mrs. A. M. Walter. Those speaking in its favor were Mrs. A. S. Christie, regent; Mrs. Bertha Parsons, secretary, and Mrs. G. W. Pottinger. A vote of thanks was passed to Miss Georgina Herd, the chapter's war work convenor, and Mrs. J. Quinn, who is distributing books and magazines to the soldiers and sailors. Mrs. Christie gave an account of an interview with Mr. Moore, Indian agent of the district, regarding the case of an Indian in which the chapter was interested. The chapter will try to be of assistance to some of the poorly-clothed members of the tribes this Fall. Mrs. Christie was assured that the Indians are well looked after by the Federal Government. Several pairs of socks were brought to the meeting for the men of the services. It was decided to commemorate Heather Day on Saturday, August 24. The headquarters will be announced later, and the general convenor, Mrs. Bertha Parsons (Garden 7491) will be glad of assistance in selling heater on that day. The proceeds will be used solely for the present war effort. Mrs. Edith Fletcher was received as a new member of the chapter. Miss Herd appealed for clean cotton rags asked for by Captain Molson, and these may be left at headquarters, 212 Union Building.

Garden Party at Government House Cleared \$11,000

The Red Cross grand garden gala at Government House netted approximately \$11,000, according to receipts to date, E. E. Henderson, who was in charge of the financial arrangements, stated yesterday. This sum does not include the generous donation of \$1,750 given by Princess Chikhmatoff for an overseas ambulance. An official financial statement is in course of preparation, but will not be ready for some days.

WHY ARE THEY CALLED "TRADE WINDS?"

Stranger than the way of a man and a maid are the ways of language—as illustrated, for instance, in the term "trade" winds, which has no connection, in its derivation, with commerce or trade, in any of its phases, on land or sea.

The expression is an allusion to the now obsolete meaning of the word "trade," which, stemming from the old English tred, was originally synonymous with "tread," and signified first a footmark, then a track or trail.

Now, meteorologists have three classifications for the winds—steady, periodical and variable.

SIX HUNDRED BRITISH
CHILDREN BROUGHT OUT

AN EASTERN CANADIAN PORT, Aug. 1 (CP)—An ocean liner, landing 1,400 passengers here today, brought with it the most varied passenger list of any of the nine ships which have carried British travelers and European refugees to Canadian shores within the last month.

A Tunisian prince, a French artillery officer on a secret mission, an English poet, a British laborer and a lord and titled gentleman, aged six and fifteen, respectively, were part of the ship's complement. There were also 600 British children going to homes in the United States and Canada.

All the passengers came out here under private arrangements, as distinguished from the British Government's evacuation scheme. A number of the children traveled in school groups.

WOULD RESIST ITALY

Tall Prince Abdullah Ben Ayad of Tunis, declared Tunisia would resist any attempt by Italy to move in, although he said it was the most important strategic point in the Mediterranean. The prince is an uncle of King Farouk of Egypt. His wife is an Englishwoman, sister of Wing Commander Wright, Member of the British House of Commons and one of the original advocates of the balloon barrage in Britain.

Like most Englishmen who come to this country, Alfred Noyes, the English poet, is confident that Hitler's projected blitzkrieg will not make a dent in Britain's iron defense. The poet brought out his wife and three children. He will lecture in Canada under the auspices of the National Council of Education, and then go to the United States on a lecture tour. The children will go to school in Canada.

Lord Marley, British labor peer and authority on refugees, has come to Canada to look into the case of certain internees. He has been seen on this assignment by the British Parliamentary Refugee Committee, of which he is vice-chairman.

INTERNEES USEFUL

He said some of the enemy aliens who were transported to camps in Canada from Britain might be useful in Britain's war effort. Some of them are actually anti-Nazi. There was a possibility that some might be returned to Britain, where their skill can be employed in the prosecution of the war. Lord Marley will check up on them and also look into conditions in the camps.

Turning to the refugee question, Lord Marley said he had raised the point in the House of Lords that "as long as the children of the rich come out, there is no earthly reason why part of the ships should not be devoted to the poor, provided their

American Ship Loads No. 1 Scrap Metal for Japan Before Deadline Reached

CORPUS CHRISTI, Texas, Aug. 1 (AP)—The Pan Kraft, American freighter loading a cargo of scrap metal bound for Japan at the port of Corpus Christi, beat the deadline for President Roosevelt's new embargo on scrap, petroleum and aviation gasoline by getting aboard her full complement of No. 1 scrap before midnight last night.

The vessel was still in port here today, completing her cargo with scrap not affected by the regulations which went into effect last night.

PORTLAND, Ore., Aug. 1 (AP)—Two freighters, the American Kentucky and the Panamanian San Rafael, left the harbor today en route for Japan with scrap iron cargoes.

Both vessels cleared customs last night. Customs guards remained on the dock to prevent loading No. 1 scrap iron, included in the ruling preventing export of certain material without license from Washington, D.C. The ban became effective last midnight.

The Japanese steamer Nanman Maru took on scrap until a late hour and will fill up the rest of her space with lumber before leaving for the Orient on Sunday. The American Mail Line freighter West Cusseta left for Japan today with steel rails and tank plates.

SAYS CANADIAN
PILOTS SUPERB

Famous No. 242 Squadron
Has Destroyed Over 100
German Planes

OTTAWA, Aug. 1 (CP)—The Canadian fighter squadron in the Royal Air Force has shot down more than 100 German planes, and the young Canadian pilots are "absolutely superb," Squadron Leader Fowler Gobeil, Ottawa, commander of the squadron, said today in an interview.

The squadron—called No. 242 Canadian Fighting Squadron—was formed in England about the first of the year from Canadian pilots serving with the R.A.F.

Squadron Leader Gobeil returned to Canada to be connected with the British Commonwealth air training plan.

The Canadian squadron fought Nazi aircraft over France during the withdrawal of the British army, he said.

"I found these young lads absolutely superb. They fitted into the picture like a million. Canadians seem to take to the air naturally."

Pilot-Officer John Latta, son of Colonel and Mrs. W. S. Latta, Victoria, is a member of No. 242 Squadron.

The total pack of all species of salmon also increased, being 50,000 cases larger than at a like time last year, according to figures issued here today by the Dominion Bureau of Fisheries.

The bulletin reveals that 217,720 cases have been packed since opening of the sockeye season on June 30, as compared with 152,816 at the same time in 1939. The total is the largest for any equivalent period in the last five years.

The total pack of all species of salmon also increased, being 50,000 cases larger than at a like time last year, according to figures issued here today by the Dominion Bureau of Fisheries.

The largest increase in the sockeye pack was in the Fraser River and Howe Sound district.

Mrs. Bowen-Colthurst Died
Yesterday in Royal Jubilee
Hospital

The death occurred yesterday morning, at the Royal Jubilee Hospital, of Rosalinda Laetitia, wife of Captain Bowen-Colthurst, of "Coolah," Sooke, after a long illness, which became serious about three months ago. She had been in the Royal Jubilee Hospital for the last three weeks.

Born at Seven Oaks, Kent, in 1887, Mrs. Bowen-Colthurst was the youngest daughter of the late Lord Dunboyne, member of a very old Irish family, whose family name was Butler. She accompanied her husband to Canada after the war of 1914-18, bringing four children. For ten years they lived in the Skeena country, at Terrace; then ten years ago moved to Sooke, where the family quickly made many friends.

Mrs. Bowen-Colthurst associated herself at once with some of the women's activities of the community, principally with the Women's Auxiliary of Holy Trinity Anglican Church, of which she was president; for a period until failing health prevented her carrying on her interest in the work.

Besides her husband she is survived by three sons, St. John, in Essex, England; Theobald, a law student, of Victoria; and David, who is in a flying school in Canada; also a daughter, Dorinda, with the Church Army, in London, England. Surviving brothers are Lord Dunboyne, retired from the Royal Navy; Major-General Leslie Butler, of the Irish Guards, commanding the Devonshire Territorials; Major-General Theobald Butler, commanding Royal Artillery in Bombay, and three sisters, Mrs. Hindson, Brockenhurst, Hampshire; Mrs. Donner, Salgrave House, Oxfordshire; and Miss Blanche Butler, also of England.

The funeral will be tomorrow afternoon, a service to be held first at 2 o'clock, at Holy Trinity Church, Sooke, and afterwards interment will be at 2:30 o'clock, at Saseen Cemetery. Rev. H. M. Bolton will be the officiating clergyman.

The following correction appeared in a small town paper: "Our paper carried the notice last week that Mr. John Doe is a detective in the police force. This was a typographical error. Mr. Doe is really a detective in the police force."

Selected Stocks Tend to Rise in New York Mart

NEW YORK, Aug. 1 (AP).—Selective rising tendencies cropped up in today's stock market, but many leaders lingered in narrow territory. Gains of fractions to around a point predominated until the afternoon when prices began to waver. At the close, small losses and gains were almost evenly split.

The Associated Press average of sixty stocks was unchanged at 42.8. Transfers of 325,535 shares compared with 355,969 the day before. Of 608 individual issues changing hands, 213 were down, 211 up and 184 sold at Wednesday's final quotations.

Several paper company issues were in front as some traders got the idea the war would be a longer affair than generally expected and keep competing Scandinavian pulp products out of America.

An assortment had decided to proceed with expansion plans on the Government's prohibition to alter sales agreements later when Congress brings out the excess profits and amortization questions.

A number of "blue chips" such as Westinghouse, Du Pont and Eastman Kodak, got up 1 to more than 2 points as the earnings outlook brightened for these concerns.

Announcement that the Norwegian Government would take care of interest and sinking fund requirements on two of its outstanding dollar loans found quick response in all the bonds of that country listed on the exchange to-day. The 6's ended up 3-1/2 at 42, the 4's added 3/4 at 40 and the 4's went up 3/8 to 40-1/2.

Other foreign loans were fractions to a point or so.

Detroit Beats Yankees To Take First Place in American Pennant Race

"Schoolboy" Rowe Pitches Tigers to Easy Victory Over Champions, 11 to 2 — New York Slips to Fifth Berth—Boston Beats Cleveland—Dodgers Win Pair

By The Canadian Press
Detroit Tigers regain undisputed rulership of the American League today with a crushing 11-2 conquest of the New York Yankees that knocked the world champions out of the first division.

The manoeuvre in the standings was accomplished in conjunction with the Boston Red Sox 5-2 decision over Cleveland, giving the Tigers exclusive possession of first place, and Chicago's 5-4, eleven-inning triumph over the Philadelphia Athletics, lifting the White Sox into fourth place.

Schoolboy Rowe, hero of Detroit's last pennant era, was the kingpin again today. He held the Bronx Bombers to seven hits and contributed a triple and a double toward the Tigers' own total of fifteen safeties, driving in three runs.

Cleveland Indians' normally airtight defence all but collapsed, and Boston, paced by irrepressible Jimmy Fox, made the most out of it.

Pounding out a 5-2 victory, the New England weekender crew dropped the Indians to second place. The Sox pounded two hurlers for ten hits, including Fox's twenty-second homer of the season, and in winning salvaged one contest from their three-game series here.

Chicago's 1940 White Sox "walked" into the First Division of the American League for the first time when, with the bases loaded in the eleventh inning, Nelson Potter, Philadelphia Athletic pitcher, walked Joe Kuhel to force in Bob Kennedy with the run that gave the Sox a 5-4 triumph.

DODGERS WIN PAIR
Brooklyn Dodgers, having the National League stage all to themselves for a day, swamped the Pittsburgh Pirates in a double-header, 8-3 and 8-7, today to narrow the first-place margin of the Cincinnati Reds to six and one-half games.

The first encounter was a cut and dried proposition with Whitlow

Wyatt pitching seven-hit ball for his tenth triumph of the season. His fellow Dodgers gave him four runs after two were out in the third inning, and three more in the fifth, with Dolph Camilli hitting a home run in the seventh to taper off a twelve-hit offensive against three Pittsburgh pitchers.

The second game was a spectacle of no mean proportions. Manager Leo Durocher, of the Dodgers, used four pitchers to hold the Pirates to six hits as Brooklyn again battered the Pittsburgh staff with a dozen blows.

The contest would never have been close except for seven errors and eight walks that intermingled with the base knocks.

TILLICUM CUBS DEFEAT EAGLES

Chalk Up 8-7 Victory in Sudden Death Baseball Fixture

UTTING short a belated last-inning rally by the Eagles, Manager Eddie Kelplin's Tillicum Cubs last night eked out an 8-7 victory over the birdmen in a play-off baseball game at Beacon Hill Park.

Trailing by a quartette of markers going into the last season of the abbreviated contest, the feathered tribe pushed over three runs and had runners on the cushions when the side was retired.

Humphrey Cup play-downs for the Second Division championship will get under way Tuesday evening. Tillicum Cubs, first-berth occupants, will meet the Navy, while the Eagles will oppose Cedar Hill Athletics. The clubs will play a best-of-three series, with the two winning games meeting in the finale.

Score by innings:
Cubs . . . 242 00—8
Eagles . . . 310 00—7
Batteries: Acres, Pynn and Main; Curry, Flaherty and Sparks.

BOBBY RIGGS GAINS SEMIS

National Net Champion Eliminates Hank Prusoff in Two Sets

SOUTHAMPTON, N.Y., Aug. 1 (AP).—While Bobby Riggs, for a change won a straight-set victory in the quarter-final round of the Meadow Club Invitation tennis tournament, Frank Kovacs, of Oakland, Cal., bore

rowed a lead from the national champion's book and slaved off six match points before defeating George Lowey, of Los Angeles, 4-6, 14-12, 6-1.

Lowey folded completely in the final set and Kovacs quickly won the right to meet Riggs in the semi-final round tomorrow.

Riggs eliminated big Hank Prusoff, of Seattle, 6-4, 8-6.

The lower-bracket semi-final berths were taken by Ewood Cooke, of Portland, Ore., and Don McNeill, of Oklahoma City. Cooke turned back young Ted Schroeder, of Glendale, Cal., 6-4, 6-4, while McNeill ousted Frank Guernsey, of Orlando, Fla., 6-3, 6-2.

STAN HORNE IS MEDAL WINNER
TORONTO, Aug. 1 (AP).—Stan Horne, of Montreal, turned in a par-breaking 139 to win top honors today in the qualifying round for the Millar Golf Trophy at suburban Ixington course. He put together a four-under-par 69 and an afternoon 70 to win a cash prize and lead fifteen others into tomorrow's match play.

NORM BAKER (Bays)

"PUDD" PRIDDYHAM (Jokers)

TRAILING the pace-setting Alert Service by four points, Manager Ted Menzies' James Bay stick handlers, 1939 champions, will oppose the Jokers tonight at the Victoria Sports Centre, in a senior league fixture. Gus Munroe's black-clad stickmen gave the Bays plenty of trouble the last time the clubs met, and were on the right side of the score until late in the final quarter. However, Menzies says it will be different this time, and predicts a victory for his squad by a good margin. The feature attraction will get under way at 8:30 o'clock. Oak Bay No. 1 and Esler's Coffee Shop, juvenile aggregations, meet in the curtain-raiser at 7 o'clock.

Angie Galan Out For the Season; In the Hospital

PHILADELPHIA, Aug. 1 (AP).—Angie Galan looked glumly into the future today and saw at least fifteen more days in Temple Hospital, no more baseball this season and a question mark in his major league future.

Galan, hard-hitting leftfielder of Chicago Cubs, ran headlong into a concrete wall at Shibe Park yesterday while chasing a foul fly in the Chicago-Phillie game. He suffered a fractured left knee cap and bruised right knee.

Ironically, the fracture was on the same knee that was injured by Galan two years ago in a collision with another player.

LACROSSE SERIES SET FOR GARDEN

TORONTO, Aug. 1 (AP).—Best three of five series for the Mann Cup, emblematic of the Canadian lacrosse championship, will be played at Maple Leaf Gardens, Toronto, beginning October 4 or 7, it was announced last night at a meeting of Ontario Lacrosse Association.

The association also reinstated Bill Anthony, of Brampton Excelsiors, suspended indefinitely a week ago after striking Gordie Gair, of Mimico Mountaineers, in a game at Mimico.

SALMON DERBY AT BRENTWOOD

Victoria-Saanich Inlet Anglers' Association to Hold Second Event Sunday

With splendid awards for the eleven top anglers, and prospects of "bigger and better" catches, Victoria-Saanich Inlet Anglers' Association will stage its second major salmon derby on Sunday. The waters of the picturesque Saanich Inlet, popular with visiting and local fishermen, will again be the scene of the competition. Fishing will start at 6 o'clock in the morning, and exactly twelve hours later, the victorious angler, with a fine \$250 engine-powered boat, will be crowned at the prize-giving ceremony at The Anchorage, headquarters of the association.

George "Joker" Patton and the members of the prize committee have lined up another splendid array of prizes, with a fine \$250 engine-powered boat, being the feature award. Ten other useful items, mostly handsome silverware, round out the awards for lucky anglers.

PRIZE LIST

The complete prize list follows: First, boat; second, four-piece silver tea service; third, electric mixer; fourth, Rogers' silver flatware set; fifth, large mantle clock; sixth, automatic two-piece electric toaster; seventh, oval relish dish; eighth, oval vegetable dish; ninth, silver casserole; consolation award, which every entrant will have an opportunity of winning, portable radio.

Association officials made it known last night that the rule introduced at the season's inaugural Derby, prohibiting Derbys from fishing the day prior to the competition, will be enforced again. Those who fish on Saturday will be disqualified from the Sunday meet.

It was announced yesterday by President Ray Ritchie that in future if top-weighting fish are registered at Goldstream and on Derby days, anglers and catches will be speeded to Brentwood in time for the prize-giving at The Anchorage.

Stevedores Defeat Lumbermen 10-3 in Softball Play-Off

Hard-Hitting Longshoremen, With Power in Their Bats, Take Two-Game Lead in Lower Island Finals—Lloyd Knapp Hits Homer With Two On—Harknett Fuel Triumphs

Finding their power at the plate in the very first inning, Manager Jim Lackie's Victoria Longshoremen, "A" section softball champions, last night hammered out a 10-3 victory over Cameron Lumber in the second game of the best-of-three play-off series for the Lower Island pennant.

Stevedores poked out sixteen telling base blows, including a circuit drive by Lloyd Knapp and doubles by Harry Hoines, Burgess Berry, Ray Byers and Lloyd Knapp. Freight jugglers were "hot" with the willow, their hitting display being one of the best of the season. The outcome gave them a two-game lead over the lumbermen, and left them needing but one more victory to take the honors and advance to the Island finals against Ladysmith.

The third encounter between the stevedores and Cameron's is billed for next Tuesday evening at Royal Athletic Park, and unless the lumbermen stage a complete reversal of form, the series will end that night. But even followers of the Victoria Longshoremen are stepping cautiously. They remember full well how their club defeated New Method Laundry in the first two games of the 1939 play-downs, and then dropped the series, three games to two. History sometimes repeats itself, and while the majority of the fans will perhaps admit that the freight jugglers have an edge in pitching and hitting, what has happened before can happen again.

EARLY EXIT
Young Eddie Dempster started on the hill for the lumbermen, but his reception was anything but friendly, and after Lloyd Knapp poked out a home run with two men on the cushions Mr. Dempster went to the showers.

"Roy" McLennan took up where Dempster left off, and for the remainder of the inning closed the gate on the slugging freight jugglers. But it was a different story in the second frame. Returning to the plate with base knocks in their bats, stevedores poked out a single and three successive doubles and drove across a trio of markers. They added another tally in the third inning.

For the next five frames Cameron held the longshoremen scoreless. McLennan worked better and his clubmates played some smart

LEE WEE MAYS

PICTURED above are two members of Manager Harry Crump's touring colored House of David ball players, who will be seen in action today and tomorrow at Royal Athletic Park. The be-whiskered gent will open their three-game series against Victoria this evening at the Calcedonia Avenue ball lot, at 6 o'clock. Saturday's twin bill is scheduled for 2:30 o'clock and 6 o'clock. Jake "Foots" McCray performs behind the home plate, and is one of the best receivers on the road. He has a good throwing arm, plenty of pepper and knows how to work his pitchers. Fee Wee Mays is the Davidans' smart shortstop, and will be remembered for his clever displays here last year. Locals turned in two good exhibitions last week against the Cincinnati Buckeyes, and are looking forward to giving the be-whiskered ball tossers three tough battles. Victoria will be at top strength for the exhibitions, and followers of the diamond pastime should witness plenty of smart baseball.

CHAPTER XI

hills, automobiles crawling like giant beetles along roads. Villages, towns, cities. And always, as the train roared eastward, the volume of life increasing. More villages, towns, cities. More crawling beetles. More factories, mills, houses. Smaller yards backing up to the tracks. Smaller fields. Tractors in the fields. Vivid striped awning-decked chairs on farmhouse porches. Buses stopping at country crossroads to pick up girls in sport dresses and totes shoes. Boys turning out of lanes in sport cars.

Change. Change had come into the shabby grey house with the green shutters. Swift shattering changes. As long as Marilyn could remember, day had succeeded day, night had come and gone, existence drifted by without event to mark its passing. Eggs and bacon, meat and potatoes, hominy grits and gravy. It was Sunday when one put on one's best dress, went to Sunday school, ate roast chicken and devil's food cake at half past instead of twelve o'clock. Tag at recess, high-school graduation, dances at Lake-side Pavilion and in Lodge Hall. Puppy loves that died aborning. Bon Ton book department. "No sir, we don't carry many classics, but we will be glad to order them for you. Classics are for fiction, modern fiction. Roger's Thesaurus? No, I'm sorry. There's one at the library if you'd care to go there. You're very welcome. Call again, please."

People in the train coach were moving about now, putting on their hats, gathering their paraphernalia of travel. Marilyn did likewise as one in a trance. The end of the journey. No, the beginning of the journey. Trains merely carried people to what they had to do. "New York. New Y-O-R-K!" Her bag? Oh yes, the porter had carried it to the coach platform. What if Al was not waiting for her? What if he was out of town, busy, did not get her wire? How would she go about getting to the hotel where Clara was staying? What if Clara had left for home?

The line of passengers moved along the aisles. Now she was on the platform. People crowded the long concrete runway, hurrying, scurrying. Down the steps into the scurry. Some one caught her arm. "Hi, H.B. Is this you or am I a dreamer? Say something quick! I'm afraid to bat my eyes for fear you'll do a fade-out."

"Al, you nice fool. Stop acting so silly. People will think we're crazy." "The heck they will. They're too busy being crazy themselves to bother about us. Let me get your bag. You say which. Here, Red Cap, taxi. Right Avenue side. Now then, my good woman, let me get a look at you. Hmmm. Terrific! How's it for breakfast?"

"Slow up, Al, please. We can race another time. I had breakfast on the train. Is it far to Clara's hotel? Let's go straight there. We can talk on the way. Al, you're a dear to meet me. Probably the middle of the night, too, for you."

"Middle of the night, nix. I beat your train into the station by an hour. Sat up all night thinking of bright things to say to you as you slipped off into my arms, and I'll be a monkey's uncle if I didn't miff every one of them the minute you hove in sight."

"You did very well for one unused to public speaking." Al was fun. "Whoo! You're racing again. I never knew you to walk so fast. In Millville you had all the speed of a turtle."

"That was my role, Big Eyes. Bored city chap. Ped up with it all. Here we are. Climb in. Driver—" he mentioned a hotel facing Central Park—"and don't spare the horses. Comfy, Duchesse? We can take our ease in the open up there. Lots of good air and swell coffee."

"Al, don't think I'm ungrateful, but if you don't mind I'd rather go straight to Clara's hotel. You can drop me there, then go for coffee."

"Sorry lady. No can do. I'm not yet convinced you're real. There's another little matter. I want to give you the latest reports from the scene of conflict, and take it from an old confidante, H.B. this is a darling. You see before you a bruised and battered man. Amazons, my dear, Amazons. Only one Amazon, but she's as good as regiments. I've done everything but crack that gal Clara over the head with a bottle, but somehow she fails to appreciate my interest. What hol! Here we are. Your hand, Duchesse!"

At a table overlooking the park, Al continued his story. "Did you wire Blondie you were coming?" he asked.

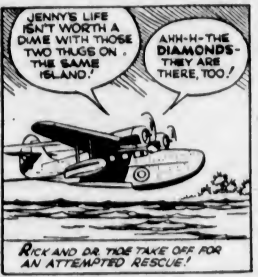

"No. I thought it better to surprise her," Marilyn said. "Won't she be pleased! Especially after that magnus she punished last night."

"Magnus? I don't know what you mean—"

"Skip it. You'll learn all too well if you flock around with Blondie. I have a deep-seated conviction, Little One, that your fair sister would rather not entertain visitors from home right now. She's not in the mood. She's taken a notion the old home town is full of plugs and poison ivy. My suggestion is that you stop right here, out of the zone of fire. Her hotel is just around the corner. That way you can drop in on each for friendly little visits."

What Today Means

"LEO"

If August 2 is your birthday the best hours for you on this date are from 8:30 to 10:30 a.m., from 1:30 to 3:30 p.m. and from 6:30 to 8:30 p.m. The danger periods are from 6:30 to 8:30 a.m., from 4:30 to 6:30 p.m. and from 8:30 to 10:30 p.m.

It will be the thoughts you dwell on that will bring you happiness or sadness today, so try to keep them joyous. Memories will be very vivid today, so it will be well to revive only happy ones and to "let the dead past bury its dead." This is a good day to plan work of a constructive nature, to clean up accumulated memorandums and to make engagements. A feeling of desolation is apt to be experienced by anyone who deliberately shuns companionship.

so seek it regardless of the effort you might have to exert. Today momentous adjustments of habits of long standing may have to be made, and those who have to make them will find that they will be supplied with the courage to do so. Towards fear changes, brave men face them fearlessly and find that there is a sustaining power that enables them to do so. Married and engaged couples, and those who have brought together, are apt

to find that the old adage "two heads are better than one" is true, especially when it comes to handling a kind of a worrisome problem. If a woman and August 2 is your birthday, you may be too ready to reproach yourself for things going wrong, over which you have really no control. There is such a thing as being overly conscientious, and the probability is that you are. You may too often assume responsibilities

that rightfully belong to someone else, and this is a mistake of judgment you should correct. Your efforts as a teacher, personal director, political worker, secretary, sales agent, journalist, fiction writer, or in some managerial capacity, will probably be appreciated and well paid by those who benefit from them. Through the observation of your matrimonial obligations you ought to derive a great deal of happiness.

The child born on August 2 usually makes friends readily, takes an active interest in sports and has a remarkable amount of versatility. With maturity ought to come a manifestation of real ability and money-making proclivities. If a man and August 2 is your natal day, you will have no experiences that thousands of other people have not had and been able to stand up under. With your determination and perseverance Fate

can never deal you a blow from which you cannot recover. As an explorer, scientist, chemist, author, lecturer, lawyer, legislator, doctor, dentist, broker, salesman, actor, clergyman, educator, or manufacturer, the future seems to have many good things in store for you. (Released by The Bell Syndicate, Inc.)

A woman's face is her fortune only when it draws a lot of interest, expected to be back in the line-up.

GRIDDERS TO COMPLETE

OTTAWA, Aug. 1 (CP)—President Sam Berger, of the Ottawa Football Club, announced today the Inter-Provincial Rugby Football Union champions definitely would operate this year, and that surplus profit would be turned over to some war charitable organization. The majority of players from last season's Dominion finalists are expected to be back in the line-up.
